ANNUAL INDEX
1978

January pages 1-56
February pages 57-112
March pages 113-168
April pages 169-224
May pages 225-280
June pages 281-336
July pages 337-392
August pages 393-448
September pages 449-504
October pages 505-560
November pages 561-616
December pages 617-644

SUBJECT INDEX

A

ABNORMALITIES
Noise levels and teratism. 433
Stay out of the sauna, mother-to-be. 506
ABNORMALITIES, DRUG-INDUCED
Congenital abnormalities and maternal drug histories. Greenberg, G. 270
Halothane—a new perspective. Van Dyke, R.A. 458
Teratogenic potential of anticonvulsant drugs. Zablen, M. 308
ABNORMALITIES, MULTIPLE
Familial hypoparathyroidism. Pisanty, S. 207
ABORTION
Halothane—a new perspective. Van Dyke, R.A. 458
ABS RESINS *see* RESINS, SYNTHETIC
ABUTMENTS, DENTAL
Endodontic treatment and the overdenture. Armstrong, R.L. 44
Fabrication of a ceramic-metal crown for existing removable partial denture. Lubovich, R.P. 102
Immediate overlay dentures. Unger, J.W. 157
Overdentures and swing-lock partial dentures. Renner, R.P. 237
Periodontal hazards of removable partial dentures. MacKay, H.F. 534
Porcelain-fused-to-metal fixed partial denture. Kuhlke, K. 272
Ramus implants. Kay, H.M. 538
Removable partial dentures and oral health. Dail, R.A. 320
Root rests for partial dentures. Waller, M. 156
The telescope retainer in general dentistry. Casullo, D. 416
The telescopic crown. Gasser, F. 273
Vitreous carbon implants as overdenture supports. Plainfield, S. 640
ACCIDENTS, AVIATION
Identification of Tenerife air crash victims. Gunby, P. 184
Lessons of the Tenerife disaster. Curran, W.J. 71
The need for forensic odontology: Eastern Airlines Flight 66. Glazer, H.S. 70
Tenerife. 225
ACCOUNTING
Office computer systems. Sheofsky, R.M. 637
ACCREDITATION
Development of accreditation. Santangelo, M.V. 67
ACETAMINOPHEN
Acetaminophen and liver damage. 548
The hidden cost of pain relief. 507
Non-narcotic analgesics. Ciancio, S.B. 374
ACETYLCHOLINESTERASE
Degeneration and regeneration of transplanted nerve tissue. Funakoshi, R. 50
ACID ETCHING, DENTAL
Adaptation of composite resin to etched dentin. Marentis, C. 189
Bridge construction with acid-etch resin technique. Davila, J.M. 584
Composite and glass ionomer cement restorations. Kidd, E.A. 628
Current and future prevention possibilities. Silverstone, L.M. 405
Direct bonding of metal brackets. Gorelick, L. 76
Effectiveness of F-impregnated prophylaxis cups. Shannon, I.L. 245
Marginal adaptation of composite restorations. de Trey, E. 135
Microleakage in resin restorations. Dale, A.C. 531
Penetration of restorative resins into etched enamel. Asmussen, E. 190
Prevention of marginal problems in acid-etch restorations. Sheykholeslam, Z. 585
The retentive ability of acid-etched dentin. Torney, D.L. 471
Strength of periodontal splints. Compton, F.H. 149
Structure of the enamel-fissure sealant interface. Breakspere, R.J. 128
Adverse effects
Effect of pyruvic acid on pulp. Retief, D.H. 219
Methods
Acid conditioning of proximal surfaces. Davila, J.M. 301
ACIDULATED PHOSPHATE FLUORIDE
Effect of fluoride mouthrinse on powdered dental enamel. Kani, T. 51
Effectiveness of F-impregnated prophylaxis cups. Shannon, I.L. 245
Histologic response of replanted pretreated teeth. Barbakow, F.H. 503
Sequential treatment with APF and SnF_2. Holgate, R.S. 575
Two-year clinical trial of fluoride mouthrinse and dentifrice. Ashley, F.P. 387
Use of lower concentrations of fluoride solutions. Shannon, I.L. 575
ACRYLIC RESINS
An abrasion-resistant crown and bridge veneering product. Eames, W.B. 187
Accurate temporary restorations of cold-curing acrylic resin. Kaiser, D.A. 474
Bonding of polycarboxylate cement to gold. Rogers, O.W. 243
Bridge construction with acid-etch resin technique. Davila, J.M. 584
Marginal leakage of sealants. Jensen, O.E. 469
Microleakage in resin restorations. Dale, A.C. 531
Penetration of restorative resins into etched enamel. Asmussen, E. 190
Properties of acrylic denture resins. Powers, J.M. 131
Repair of veneer facings. Ward, G.T. 82
Residual adhesive on teeth after bracket removal. Caspersen, I. 30
Retention of sealants. Stephen, K.W. 495
The retentive ability of acid-etched dentin. Torney, D.L. 471
Strength of periodontal splints. Compton, F.H. 149
Adverse effects
Biocompatibility of prosthodontic materials. Bergman, B. 414
Pulp reaction to cold-curing acrylic resin. Makiishi, T. 470
Tissue response to temporary acrylic resin crowns. MacEntee, M.L. 290
Analysis
The cadmium content of denture base materials. McCabe, J.F. 529
ACTINOMYCES VISCOSUS
Antimicrobial effects of N2. Broisman, H. 411
ACTINOMYCOSIS
Presence of Actinomyces in a periapical lesion. Krolls, S.O. 20
ACUPUNCTURE
Acupuncture in dentistry. Nagayama, K. 204
Acupuncture in the West. 3
Effects of intrasegmental electrical acupuncture. Chapman, C.R. 145
Lack of localized analgesia with acupuncture treatment. Lynn, B. 345
Nature's opiates. 226
Raising the pain threshold with electroacupuncture. Janhunen, M.-P. 344
Trigger points and acupuncture points. Melzack, R. 369
ADENINE ARABINOSIDE *see* VIDARABINE
ADENOCARCINOMA
Maxillary metastatic carcinoma. Orlian, A.I. 246
ADHESIVES
Composite restorative filling materials. Brauer, G.M. 133
ADJUVANTS, IMMUNOLOGIC
Activity of dental plaque. Okuda, K. 334
ADRENAL CORTEX HORMONES
Medical emergencies. Matukas, V. 79
Treatment of pemphigus with corticosteroids. Rosenberg, F.R. 271
Using corticosteroids to treat TMJ pain. Toller, P.A. 145
ADVERTISING
Sugared foods TV commercials attacked. 281
AEROSOL PROPELLANTS
Chlorofluorocarbons on way out. 393
AEROSOLS
Air pollution in the dental office. Miller, R.L. 638
Betamethasone treatment of recurrent oral ulceration. Yeoman, C.M. 492
Contamination from ultrasonic scalers. Holbrook, W.P. 581
Treatment of oral lichen planus. Greenspan, J.S. 602
AGE DETERMINATION BY SKELETON
Dental age and skeletal age. Liebgott, B. 576
Use of hand-wrist radiographs for skeletal age assessment. Biggerstaff, R.H. 350
AGE DETERMINATION BY TEETH
Age determination by amino acid racemization of a preserved premolar. Masters, P.M. 623
Dental age and skeletal age. Liebgott, B. 576
AGED *see also* GERIATRIC DENTISTRY; NURSING HOMES
Food asphyxiation in institutionalized patients. Irwin, R.S. 106
The geriatric patient. Garverick, C.M. 526
Oral health of elderly institutionalized patients. Mäkilä, E. 127
Salivary secretions of elderly institutionalized patients. Mäkilä, E. 17
AGING
Age-related changes in submandibular glands. Scott, J. 364
Anterior tooth display. Vig, R.G. 641
Does old age begin at birth? 59
AIR MICROBIOLOGY
Contamination from ultrasonic scalers. Holbrook, W.P. 581
Legionnaire's disease. 505
AIR POLLUTANTS, OCCUPATIONAL
Air pollution in the dental office. Miller, R.L. 638
Control of mercury vapor emission from amalgam scrap. Cooley, R.L. 245
Exposure to anesthetic waste gas. Campbell, R.L. 177
Mercury contamination during ultraspeed cutting of amalgam. Cooley, R.L. 583
Mercury vapor from sterilizers. Rothwell, P.S. 21
Potential hazards of N_2O. Feigal, R.J. 212
AIR POLLUTION
Bicycling and health. Kolata, G.B. 384
AIRWAY OBSTRUCTION
Food asphyxiation in institutionalized patients. Irwin, R.S. 106
ALCOHOL DRINKING
The fetal alcohol syndrome. Clarren, S.K. 432
ALCOHOLISM
Death rates from alcoholic disorders. 451
Dental implications in the narcotic addict. Gotta, A.W. 158
Diagnosis of early asymptomatic oral squamous carcinoma. Mashberg, A. 20; Comments. Koufman, J.A. 21; Phelps, H.M. 21
Economic consequences of alcohol and tobacco abuse. Luce, B.R. 441
ALTITUDE
Use of reversible hydrocolloid at high altitudes. Christensen, G.J. 196
ALUMINUM
Effects of cleansers on metal components of dentures. Backenstose, W.M. 38
ALUMINUM OXIDE
Effect of porosity in implants. Klawitter, J.J. 132
ALUMINUM SULFATE
Control of gingival tissue with aluminum sulfate. Mintatos, S. 635
ALVEOLAR NERVES
Degeneration and regeneration after inferior alveolar nerve section. Machida, K. 444
ALVEOLAR PROCESS
Autotransplantation of maxillary canines. Oksala, E. 141
Biologic response to submergence of roots. O'Neal, R.B. 613
Condition of cells in bone resorption area after experimental tooth movement. Kurihara, S. 49
The current status of dental implants. Schnitman, P.A. 256
Gingival recession and tooth mobility. Bernimoulin, J.P. 35
Osseous repair with optimal plaque control. Polson, A.M. 599
Repair potential in the interproximal channel. Moskow, B.S. 544
Drug effects
Topical application of calcitonin in periodontal osseous defects. Shamash, D.B. 220
Pathology
The microanatomy of the edentulous maxilla. Marks, B.I. 516
SEM study of alveolar ridge of the edentulous mandible. Takiguchi, R. 164
Radiography
Device to quantitate alveolar bone loss. Weiss, M.B. 186
Surgery
An adhesive retainer for segmental alveolar surgery. Feinberg, S.E. 300
ALVEOLOPLASTY
Preprosthetic surgery. Rothschild, D. 426
A "sandwich" technique for alveolar ridge augmenta-

tion. Schettler, D. 311
AMANTADINE
The development of antiviral agents. Barclay, W.R. 213
AMBULATORY CARE
Enflurane as an amnesic agent for outpatient oral surgery. Kraut, R.A. 571
Over the conterminous United States. 171
AMELOBLASTOMA
Predicting recurrence in odontogenic ameloblastoma. Khanna, S. 477
AMELOGENESIS
Dental sexual dimorphism in canines. Moss, M.L. 66
AMERICAN CANCER SOCIETY
Large-scale oral cancer screening. Maldonado, O. 134
Oral cancer screening. 113
AMERICAN DENTAL HYGIENISTS' ASSOCIATION
The dental hygienist and consumerism. Angevine, E. 13
AMERICAN FUND FOR DENTAL HEALTH
American Fund for Dental Health. 113, 566, 617
Prevention demonstration program. 113
AMERICAN STUDENT DENTAL ASSOCIATION
Putting your money where your mouth is. 225
AMIDES
Local anesthesia. Reuben, B.M. 233
AMINO ACIDS
Regional anesthesia and infection. Najjar, T.A. 109
AMITRIPTYLINE
Surgical and drug-induced neuropathy. Wallace, J.R. 150
AMNESIA
Enflurane as an amnesic agent for outpatient oral surgery. Kraut, R.A. 571
Intravenous sedation. Gelfman, S.S. 590
AMNIOTIC FLUID
Role of amniotic fluid in palatal fusion. Nanda, R. 391
AMPHETAMINES
Amphetamines cause brain damage. 454
Drugs in the news. 2
AMYLASES
Alteration of bacterial adherence to hydroxyapatite. Liljemark, W. F. 629
Efficacy of an enzyme denture cleanser. Budtz-Jörgensen, E. 322
ANALGESIA
Acupuncture in the West. 3
Continuing education courses in pain control. Dionne, R.A. 461
Effects of intrasegmental electrical acupuncture. Chapman, C.R. 145
Research in pain sensation. 93
Reversibility of dentin impedance after electroanalgesia. Tasman, D. 164
ANALGESICS
Non-narcotic analgesics. Ciancio, S.B. 374
Physio-psychologic factors in conscious sedation. Laskin, J.L. 263
ANATOMY
John Hunter: his 250th birthday anniversary. Dewel, B.F. 351
ANEMIA, SICKLE CELL
The dental implications of sickle-cell anemia. Scopp, I.W. 489
ANESTHESIA ADJUVANTS
Methylcellulose and topical anesthetics. Felder, S.M. 65
ANESTHESIA, CONDUCTION
The anteroposterior position of the mandibular foramen. Hayward, J. 401
Intraoral field block anesthesia for extraoral lesions. Macht, S.D. 458
Mandibular nerve block. 225
A new method in mandibular nerve block. Akinosi, J.O. 12
Use of extraoral landmarks in mandibular block. Shields, P.W. 232
ANESTHESIA, DENTAL
Acupuncture in dentistry. Nagayama, K. 204
Intraoral field block anesthesia for extraoral lesions. Macht, S.D. 458
A new method in mandibular nerve block. Akinosi, J.O. 12
Pain and anxiety control: survey in Oklahoma. Reece, C.H. 316
Sedation for handicapped children. Smith, R.C. 120
Sone-aural dentistry. Silberstein, C.M. 315
ANESTHESIA, GENERAL
The dental implications of sickle-cell anemia. Scopp, I.W. 489
Is the supine position safe? Levin, H.A. 66
The responsibility of anesthesiology to dentistry. Klein, S.L. 124
ANESTHESIA, INHALATION
Enflurane as an amnesic agent for outpatient oral surgery. Kraut, R.A. 571
Exposure to anesthetic waste gas. Campbell, R.L. 177
Halothane—a new perspective. Van Dyke, R.A. 458
Nitrous oxide administration for handicapped children. Wald, C. 317
Potential hazards of N_2O. Feigal, R.J. 212
Instrumentation
Checking for proper installation of anesthetic equipment. DeVore, D.T. 299
Transmission of bacteria by N_2O equipment. Hunt, L.M. 191
A whistle for anesthetic machines. Wright, B.M. 130
ANESTHESIA, INTRAVENOUS
Comparison of diazepam and thiopental for induction of general anesthesia. Chir, A.R. 403
Diazepam vs thiopental for induction of anesthesia. Rubin, A. 518
Intravenous sedation. Gelfman, S.S. 590
Intravenous sedation plus narcotic and antagonist. Gelfman, S.S. 402
Thrombophlebitis after intravenous anesthesia and sedation. Gelfman, S.S. 288
ANESTHESIA, LOCAL
Effect of vasoconstrictors. Schilli, W. 402
Methylcellulose and topical anesthetics. Felder, S.M. 65
Regional anesthesia and infection. Najjar, T.A. 109
Response of children to repeated dental procedures. Venham, L. 266
Use of anesthesia for pain evaluation. Racey, G.L. 488
ANESTHESIOLOGY
Anesthesiologists and deaths from cancer. 3
Anesthesiology as a dental specialty. Laskin, D.M. 324
Continuing education courses in pain control: a survey. Dionne, R.A. 292
Pain and anxiety control: survey in Oklahoma. Reece, C.H. 316
The responsibility of anesthesiology to dentistry. Klein, S.L. 124
ANESTHETICS, LOCAL
Effect of heat on anesthetic cartridges. Abrams, H. 376
Ill effects of topical anesthetic spray. Douglas, W.W. 12
Local anesthesia. Reuben, B.M. 233
Physio-psychologic factors in conscious sedation. Laskin, J.L. 263
Sensitivity to local anesthetics. Larson, C.E. 13
Temperature of local anesthetic solutions. Rood, J.P. 249
Which local anesthetic? 623
ANIMAL FEED
Heavy beef. 286
ANIMALS, LABORATORY
Ban on monkey export. Wade, N. 275
Experimental use of pigs. Kiernan, P. 389
Hepatitis B vaccine. Wade, N. 492
ANKYLOSIS
Ankylosis of the TMJ. Rabe, W.C. 32
Ankylosis of the TMJ: cephalometric studies. El-Mofty, S. 107
Use of cobalt radiation to prevent reankylosis. Robinson, M. 258
ANODONTIA
Dental reductions and caries. Anderson, D.L. 467
Relating abnormal dentition to intelligence. Oliver, R.T. 152
ANTHROPOIDS
Enamel prism patterns in hominoids. Gantt, D.G. 121
ANTHROPOLOGY, PHYSICAL
Dental enamel hypoplasia. El-Najjar, M.Y. 479
Right-handedness. Coren, S. 122
ANTIBIOTICS
Antibiotics. Harris, R. 77
Hyperbaric oxygen treatment of mandibular osteomyelitis. Goupil, M.T. 536
Osteomyelitis of the mandible. Sanders, B. 632
Pyogenic dental infections. Woods, R. 472
Use of prescription drugs. Dunea, G. 100
ANTIBODIES, BACTERIAL
Induction of immune response by bacterial antigen ingestion. Mestecky, J. 447
ANTIBODY SPECIFICITY
Species determination from tooth fragments. Whittaker, D.K. 526
ANTICOAGULANTS
Medical emergencies. Matukas, V. 79
ANTIHISTAMINICS *see* HISTAMINE H1 RECEPTOR BLOCKADERS
ANTIHYPERTENSIVE AGENTS
Medical emergencies. Matukas, V. 79
ANTI-INFECTIVE AGENTS
Antimicrobial effects of N2. Broisman, H. 411
Antimicrobial therapy. Nichols, D.R. 355
ANTI-INFECTIVE AGENTS, LOCAL
Antibacterial preparations for surgical scrubbing. Borchardt, K.A. 415
Effect of povidone iodine on plaque development. Addy, M. 270
Lining materials used over carious dentin. Fisher, F.J. 188
Mercury vapor hazards from sterilizers. Smart, E.R. 81; Author's reply, Rothwell, P.S. 82
ANTI-INFLAMMATORY AGENTS
Inflammation and anti-inflammatory agents. Greenbaum, L.M. 376
ANTIMICROBIAL AGENTS *see* ANTI-INFECTIVE AGENTS
ANTINEOPLASTIC AGENTS
Effects of cancer chemotherapeutic agents on buccal mucosa. Guggenheimer, J. 212
Maintaining oral health during chemotherapy for cancer, Lindquist, S.F. 247
Medical emergencies. Matukas, V. 79
Oral manifestations of cancer chemotherapy. Carl, W. 600
Oral manifestations of chemotherapy. Bottomley, W.K. 177
Stomatitis and cancer chemotherapy. Krutchik, A.N. 374
ANTIVIRAL AGENTS
The development of antiviral agents. Barclay, W.R. 213
Interferon. Hirsch, M.S. 493
ANXIETY *see also* FEAR
Etiologies of myofascial pain dysfunction syndrome. Sharav, Y. 205
The games patients play. 339
Human figure drawings as an indication of child's anxiety. Sonnenberg, E. 382
Maternal influence on children's dental fears. Gershen, J.A. 316
The pain comes first. 394
Response of children to repeated dental procedures. Venham, L. 266
The psychologically handicapped odontophobe: a classification. Roistacher, J. 104
Complications
Characteristics of women with long-term TMJ pain. Gale, E.N. 633
Migraine. Pearce, J. 369
Drug therapy
Conscious sedation. Bennett, C.R. 594
Intravenous sedation for mentally retarded patients. Carrel, R. 12
Intravenous sedation for periodontal surgery. Cohen, C.I. 594
Oral premedication. Galletta, J. 542
Physio-psychologic factors in conscious sedation. Laskin, J.L. 263
Prevention & control
A planned working environment. Schneider, W. 551
Therapy
Anxiety relief via tapes. 562
Continuing education courses in pain control. Dionne, R.A. 461
Poetry therapy for preoperative anxiety. Malkin, M. 93
Relaxation dispels anxiety. 281
Relaxation techniques for use with anxious patients. Wolfe, G.R. 215
Sone-aural dentistry. Silberstein, C.M. 315
APHASIA
The aphasic dental patient. Weiss, S. 127
APICOECTOMY
Controlling postoperative inflammation with trypsin. Kaplan, L.B. 365
Internal root resorption. Kaufman, A.Y. 16
Pulps of teeth after vital root resection. Tagger, M. 68
APPOINTMENTS AND SCHEDULES
Appointment-keeping behavior. Stamps, P.L. 347
ARABINOFURANOSYLADENINE
The development of antiviral agents. Barclay, W.R. 213

Interferon. Hirsch, M.S. 493
Treatment of hepatitis B. Gunby, P. 493
ARCHAEOLOGY
Ancient technologies. 450
Autopsy of an Egyptian mummy. Hart, G.D. 121
ARECA
Geographic variances in oral cancer incidence. Pindborg, J.J. 525
AROUSAL
A halt to grinding. 342
ARTERIOVENOUS MALFORMATIONS
Metastatic thyroid carcinoma of the mandible. Ripp, G.A. 134
ARYL SULFONATES
Inhibiting corrosive effect of sodium hypochlorite on instruments. Oliet, S. 294
ASCORBIC ACID
Dentists' intake of vitamin C. Cheraskin, E. 216
Recurrent herpes labialis: treatment with ascorbic acid complex. Terezhalmy, G.T. 494
Scurvy fellows. 230
ASPARTIC ACID
Age determination by amino acid racemization of a preserved premolar. Masters, P.M. 623
ASPHYXIA *see* AIRWAY OBSTRUCTION
ASPIRIN
Accumulation of enteric-coated aspirin in the stomach. Sogge, M.R. 322
Aspirin burn. Scopp, I.W. 271
Aspirin, sodium salicylate, and the gastric mucosa. Krantz, J.C., Jr. 211
A clinical comparison of aspirin and ibuprofen. Cooper, S.A. 264
Gastric mucosal damage from antiarthritis drugs. 547
The hidden cost of pain relief. 507
Is aspirin sexist? 510
Non-narcotic analgesics. Ciancio, S.B. 374
Take two aspirins (and cimetadine). 505
Use of aspirin in extraction wounds. Kallenberger, A. 38
ATHLETIC INJURIES
Dangers of trampolines. 114
Prevention for joggers. 449
ATROPINE
Intravenous sedation for mentally retarded patients. Carrel, R. 12
ATTITUDE
Children's dental attitudes seen in color drawings. Peterson, D.S. 405
Retaining patients at dental school clinics. Doxsee, F.R. 626
ATTITUDE OF HEALTH PERSONNEL
Applicants' opinions about residency selection. Marciani, R.D. 522
Commissioners' view of hygienist. Vanable, E.D. 460
Continuing education in TEAM. Cohen, L.A. 522
Pain and anxiety control: survey in Oklahoma. Reece, C.H. 316
Prepaid plans in medicine's future. 286
Procedures used by Kentucky dentists. Gullett, C.E. 360
Quality of dental care as a factor of dentists' perception of patient. Weinstein, P. 403
Sterilization of instruments. Thompson, R.P. 313
ATTITUDE TO HEALTH
Amiable Al/Alice and other patient-types. 451
The failure of preventive medicine. Gray, J.A. 213
Prevention—the need for a change in attitude. Fleming, W.J. 606
Quality of dental care as a factor of dentists' perception of patient. Weinstein, P. 403
AUDIO-VISUAL AIDS
An autotutorial system for patient education. Brusch, W.A. 442
Instructional materials. 395
Library of Medicine programs. 115
AUTISM
The autistic child in dental practice. Kopel, H.M. 95
AUTOMOBILE EXHAUST
Song of the road may be a dirge. 3
AUTOMOBILES
Bicycling and health. Kolata, G.B. 384
AUTONOMIC NERVOUS SYSTEM
Central pain mechanisms. De Jong, R.H. 487
AVITAMINOSIS
Candida infection and nutritional deficiency. Jenkins, W.M. 138
AWARDS AND PRIZES
Hatton awards. 395
Health science awards offered. 1
AXONS
Changes in axons and neurons after pulp extirpations. Gobel, S. 445

B

BACTERIA
Transmission of bacteria by N_2O equipment. Hunt, L.M. 191
BACTERIAL INFECTIONS
Controlling postoperative inflammation with trypsin. Kaplan, L.B. 365
Osteomyelitis of the mandible. Sanders, B. 632
Pyogenic dental infections. Woods, R. 472
BACTERIOLOGICAL TECHNIQUES
Diagnosis and treatment of periodontal lesions. Keyes, P.H. 435
BACTEROIDES INFECTIONS
Mismanaged facial infection. Webb, C.H. 24
BACTEROIDES MELANINOGENICUS
Similarity of oral bacteria in various geographic areas. Kelstrup, J. 355
BANDAGES *see* BIOLOGICAL DRESSINGS
BEHAVIOR MODIFICATION
Behavior modification. Berman, A. 297
Behavioristic approach to oral hygiene. White, L.W. 261
BEHAVIOR THERAPY
Anxiety relief via tapes. 562
Behavior management. 96
BEHAVIORAL SCIENCES
A behavioral course for dental students. Seime, R.J. 237
A behavioral course in dental school. Seime, R.J. 408
Dental behavioral science laboratory course. Weinstein, P. 462
BEHCET'S SYNDROME
Behcet syndrome. 32
Causes of oral ulcers. 62
BELL'S PALSY *see* FACIAL PARALYSIS
BENZALKONIUM CHLORIDE
Vascular leakage of endodontic medicaments. Spangberg, L. 238
BENZOCAINE
Methylcellulose and topical anesthetics. Felder, S.M. 65
BENZOTRIAZOLE
Inhibiting corrosive effect of sodium hypochlorite on instruments. Oliet, S. 294
BERYLLIUM
Tissue response to beryllium-containing alloys. Adrian, J.C. 219
BETAMETHASONE
Betamethasone treatment of recurrent oral ulceration. Yeoman, C.M. 492
Treatment of oral lichen planus. Greenspan, J.S. 602
BIGUANIDES *see also* CHLORHEXIDINE
Antiplaque activity of chlorhexidine and picloxydine. Newcomb, G.M. 41
BIOFEEDBACK
Biofeedback in MPD. Shpuntoff, H. 542
Biofeedback in treatment of MPD syndrome. Clarke, N.G. 206
Control of bruxism through biofeedback. Kardachi, B.J. 179
The pain comes first. 394
BIOFLAVONOIDS
Recurrent herpes labialis: treatment with ascorbic acid complex. Terezhalmy, G.T. 494

BIOLOGICAL DRESSINGS
Porcine skin xenografts as an oral wound dressing. Sanders, B. 483
BIOLOGICAL TRANSPORT
Resistance to caries. Steinman, R.R. 123
BIOLOGY, ORAL
Meetings. 454
The need for oral biology education. Sognnaes, R.F. 409
BIOPSY
Biopsy technique for jaw lesions. Najjar, T.A. 193
Cannulation of Wharton duct. Mosby, E.L. 258
Metastatic thyroid carcinoma of the mandible. Ripp, G.A. 134
Thrombotic thrombocytopenic purpura. Fox, P.C. 254
BITES, HUMAN
Bite mark evidence. Levine, L.J. 349
BLACKS
Black Americans in dentistry. 395
BLADDER NEOPLASMS
Implication of artificial sweeteners in human bladder cancer. Howe, G.R. 99
Non-nutritive sweeteners and bladder cancer. Kessler, I.I. 548
Saccharin and bladder cancer. 99
BLEOMYCIN
Effects of bleomycin on oral carcinoma in rats. Ohne, M. 559
BLINDNESS
Sight for blind infants 226
Teaching dental health to the blind. Schnuth, M.L. 305
BLOOD
Alteration of bacterial adherence to hydroxyapatite. Liljemark, W.F. 629
BLOOD CELLS
Hematologic reaction to nitrous oxide exposure. Kripke, B.J. 109
BLOOD COAGULATION
Is aspirin sexist? 510
BLOOD PRESSURE
Response to epinephrine retraction cord. Pelzner, R.B. 547
BLOOD PRESSURE DETERMINATION
Arm position affects blood pressure readings. Silverberg, D.S. 159
Blood pressure screening. Kennon, S. 325
Coin-operated blood pressure machines. 281
Legal implications of blood pressure measurement. Robinson, J.W. 380
Misleading blood pressure readings. 338
BLOOD PROTEINS
Experimental hematomas in rabbits. Perriman, A. 559
BLOOD TRANSFUSION
The secret agent. 567
BONDING, DENTAL
Bonding in minor tooth movement. Geiger, A.M. 260
Composite restorative filling materials. Brauer, G.M. 133
Current and future prevention possibilities. Silverstone, L.M. 405
Direct bonding of metal brackets. Gorelick, L. 76
Effect of toothbrushing and primers on enamel-composite bonds. Birtcil, R. 75
Indirect bonding of orthodontic attachments. Moin, K. 89
A mineralizing solution to increase tensile bond strength. Levine, R.S. 333
A Nuva-Fil technique for cleft palate prostheses. Birnbaum, R. 298
Orthodontic band retention. Mizrahi, E. 92
The retentive ability of acid-etched dentin. Torney, D.L. 471
Strength of periodontal splints. Compton, F.H. 149
An ultraviolet photographic technique for monitoring plaque. Gwinnett, A.J. 548
BONE AND BONES
Autogenous bone grafts for mandibular reconstruction. Adekeye, E.O. 537
Eruption of deciduous teeth. Nystrom, M. 490
Factors in drilling bone. Hobkirk, J.A. 309
Fish bone imbedded in the tongue. Arora, B.K. 611
Freeze-dried bone allografts. Freeman, E. 50
The laboratory of outer space. 226
Mandibular reconstruction after radical surgery. Small,

I.A. 483
Osseointegrated implants. Brånemark, P.-I. 569
A "sandwich" technique for alveolar ridge augmentation. Schettler, D. 311
BONE CYST
Aneurysmal bone cyst in the jaw. Eveson, J.W. 589
BONE DISEASES
Secondary osteoarthrosis of the temporomandibular joint. Brooke, R.I. 85
BONE DISEASES, DEVELOPMENTAL
Dentin dysplasia. Morris, M.E. 85
Idiopathic bone cavities. Choukas, N.C. 421
BONE MARROW
Hematologic reaction to nitrous oxide exposure. Kripke, B.J. 109
BONE REGENERATION
Osseous repair with optimal plaque control. Polson, A.M. 599
Osteogenic potential of biodegradable substances. Nelson, J.F. 52
Repair potential in the interproximal channel. Moskow, B.S. 544
Revascularized periosteal grafts. Finley, J.M. 611; Editorial comment. McDowell, F. 612
BONE RESORPTION
Ceramic augmentation of the mandible. Bunte, M. 366
Condition of cells in bone resorption area after experimental tooth movement. Kurihara, S. 49
Periodontal disease and occlusion. 337
Resorption of mandibular graft. Ridley, M.T. 633

BOTTLE FEEDING
Breast-feeding of baby with loose teeth. Ahronheim, G.A. 371
BRAIN
Amphetamines cause brain damage. 454
BRAIN CHEMISTRY
Nature's opiates. 226
BREAST FEEDING
Breast-feeding of baby with loose teeth. Ahronheim, G.A. 371
BREAST NEOPLASMS
Behind the statistics. 394
BRONCHI
Injury associated with wearing a crash helmet. Yates, C. 199
BRUXISM
And gnashing of teeth. 283
Bruxism. Tuggle, J.W. 248
Diet of extinct mammals as indicated by microwear on teeth. Walker, A. 623
Evaluation of occlusal relationships. Barghi, N. 540
A halt to grinding. 342
Complications
Clinical evaluation of occlusion. Barghi, N. 367
How stress leads to TMJ pain. Weinberg, L.A. 145
Diagnosis
Occlusal dysfunction screening. Nasedkin, J.N. 583
Therapy
Biofeedback in treatment of MPD syndrome. Clarke, N.G. 206
Control of bruxism through biofeedback. Kardachi, B.J. 179
BUPIVACAINE
Which local anesthetic? 623
BURKITT'S LYMPHOMA
A viral cause of cancer. 630
BURNS
Stomatitis in a burned child. Lerman, R.L. 209
BURNS, CHEMICAL
Aspirin burn. Scopp, I.W. 271
BURNS, ELECTRIC
Electrical burns of the lips. Wright, G.Z. 265
BUTABARBITAL
Oral premedication. Galletta, J. 542

C

CADMIUM
The cadmium content of denture base materials. McCabe, J.F. 529
CALCINOSIS
Calcification of the stylohyoid process. Kopp, W.K. 587
CALCITONIN
Topical application of calcitonin in periodontal osseous defects. Shamash, D.B. 220
CALCIUM
Effect of fluoridation on calcium uptake by enamel. Aponte-Merced, L. 164
The effect of phosphate-containing sweets on plaque. Ashley, F.P. 277
The etiology of caries. Levine, R.S. 457
Heavy beef. 286
Teeth of calcium-deprived rats. Rasmussen, P. 49
CALCIUM FLUORIDE
The incorporation of fluoride in amalgam. Fazzi, R. 298
CALCIUM HYDROXIDE
Calcium hydroxide to induce root calcification. Arens, D.E. 410
Cresatin with calcium hydroxide: effect on the dental pulp. Citron, C.I. 98
Desensitizing agents for root surfaces. Green, B.L. 218
Excavation of deep carious lesions. Magnusson, B.O. 370
Lining materials used over carious dentin. Fisher, F.J. 188
CALCIUM PHOSPHATES
A biodegradable ceramic for endodontic use. Howden, G.F. 19
The effect of phosphate-containing sweets on plaque. Ashley, F.P. 277
A mineralizing solution to increase tensile bond strength. Levine, R.S. 333
Osteogenic potential of biodegradable substances. Nelson, J.F. 52
Remineralization in vitro. ten Cate, J.M. 334
Treatment of hypersensitive dentin. Harris, R. 38
CALORIC INTAKE
Saccharin ingestion vs calorie ingestion. Cohen, B.L. 357
CANCER *see* NEOPLASMS
CANDIDIASIS *see* MONILIASIS
CANDY
The effect of phosphate-containing sweets on plaque. Ashley, F.P. 277
Putting your money where your mouth is. 225
CANINE
Autotransplantation of maxillary canines. Oksala, E. 29, 141
Autotransplanted impacted maxillary canines. Azaz, B. 311
Dental sexual dimorphism in canines. Moss, M.L. 66
A modified ligation chain for impacted canines. Ziegler, T.F. 430
Prediction of breadth of canines and premolars. Ingervall, B. 539
Surgical exposure of maxillary impacted canines. Shiloah, J. 544
CANNABIS
Marijuana and dental health. Silverstein, S.J. 555
Pot-linked ills. 455
CANNULATION *see* CATHERIZATION
CARBON
Vitreous carbon implants as overdenture supports. Plainfield, S. 640
CARBONATED BEVERAGES
Enamel erosion. Sweeney, E.A. 364
Saccharin ingestion vs calorie ingestion. Cohen, B.L. 357
Unusual pattern of erosion. High, A.S. 419
CARCINOGENS
The International Agency for Research on Cancer. 47
Is cancer irreversible? 630
The war on cancer. Montgomery, B.J. 499
CARCINOGENS, ENVIRONMENTAL
Song of the road may be a dirge. 3
CARCINOMA, ADENOID CYSTIC *see* CYLINDROMA
CARCINOMA, EPIDERMOID
Combined Ca therapy fails. 505
Diagnosis of early asymptomatic oral squamous carcinoma. Mashberg, A. 20; Comments. Koufman, J.A. 21; Phelps, H.M. 21
Effects of bleomycin on oral carcinoma in rats. Ohne, M. 559
Intraoral squamous cell carcinoma in Finland. Sainio, P. 356
Resection and radiation in the control of oral cancer. Chu, W. 473
Squamous-cell carcinoma. Ballard, B.R. 631
CARCINOMA IN SITU
Changes in basement membrane under cancerous mucous membrane. McKinney, R.V., Jr. 420
CARCINOMA, SQUAMOUS CELL *see* CARCINOMA, EPIDERMOID
CARDIOVASCULAR SYSTEM
Wearing your heart on your belt. 450
CARIOGENIC AGENTS *see also* DIET, CARIOGENIC
Cariogenicity of dry breakfast cereals in rats and hamsters. McDonald, J.L., Jr. 612
Cariogenicity of sucrose substitutes. Satin, E. 572
Effects of sugars on incidence of caries in monkeys. Colman, G. 52
CARIOSTATIC AGENTS
The anticaries effect of chewing tobacco and snuff. Shannon, I.L. 407
Clinical trials of anticaries agents. Kamen, A. 275
Duraphat fluoride varnish: a two-year clinical trial. Murray, J.J. 375
Epidemiology of caries and periodontal disease. Greene, J.C. 498
Inhibition of caries by strontium. Curzon, M.E. 444
A physiologic approach to caries control. Steinman, R. 377
The strontium content of tooth enamel. Curzon, M.E. 276
CARTILAGE
A "sandwich" technique for alveolar ridge augmentation. Schettler, D. 311
CATARACT EXTRACTION
Sight restoration after cataract surgery. 337
CATHERIZATION
Cannulation of Wharton duct. Mosby, E.L. 258
CATTLE
Heavy beef. 286
CELL MOVEMENT
How does collagen function? 507
CELL TRANSFORMATION, NEOPLASTIC
Is cancer irreversible? 630
CEPHALOMETRY
A cephalometric evaluation of American Negro women. Fonseca, R.J. 485
Cephalometric norms for Japanese and Japanese-American patients. Uesato, G. 591
Effect of intensifying screens on diagnostic image quality. McWilliam, J.S. 500
Identification of "Elder Lady" mummy in tomb of Amenhotep II. Harris, J.E. 500
Implants as growth markers. Friede, H. 266
Mandibular growth and cleft lip and palate. Vora, J.M. 260
A template for cephalometric analysis. Cheek, J.G. 30
CEPHALOTHIN
Tooth wounds in the fist. 30
CERAMICS
Beware of dinnerware? 3
A biodegradable ceramic for endodontic use. Howden, G.F. 19
Ceramic augmentation of the mandible. Bunte, M. 366
"Roots" (artificial). 619
CEREALS
Cariogenicity of dry breakfast cereals in rats and hamsters. McDonald, J.L., Jr. 612
Sugared foods TV commercials attacked. 281
CEREBELLAR DYSSYNERGIA
The Ramsay Hunt syndrome. Myall, R.W. 178

CEREBRAL ARTERIES
Trial planned for cerebral bypass. 283
CEREBRAL HEMORRHAGE
Etiologies of myofascial pain dysfunction syndrome. Sharav, Y. 205
CEREBRAL PALSY
New projects at the schools. 7
Tooth eruption in handicapped children. Kaneko, Y. 467
CEREBROVASCULAR DISORDERS
Devices for stroke victims. Selley, W.G. 496
Trial planned for cerebral bypass. 283
CERVICAL PLEXUS
The innervated deltopectoral flap. David, D.J. 258
CHEEK
Warthin's tumor. Friedlander, A.H. 311
CHEMOTAXIS, LEUKOCYTE
Host resistance in periodontal disease. Genco, R.J. 442
CHEWING GUM
Cariogenicity of sucrose substitutes. Satin, E. 572
Chewing gum diarrhea. Goldberg, L.D. 489
Effect of chewing gum on plaque control. Ainamo, J. 108
CHEWING TOBACCO *see* SNUFF
CHILD
Sugared foods TV commercials attacked. 281
CHILD ABUSE
Child abuse and neglect. Ten Bensel, R.W. 105
CHILD BEHAVIOR
Human figure drawings as an indication of child's anxiety. Sonnenberg, E. 382
Preschoolers and the dentist. McIver, F.T. 209
Research grants. 338
CHILD BEHAVIOR DISORDERS
Behavior management. 96
Sedation for handicapped children. Smith, R.C. 120
Sedation of the child patient. Myers, D.R. 402
CHILD NUTRITION
Child nutrition. 57
CHILD PSYCHOLOGY
Children's dental attitudes seen in color drawings. Peterson, D.S. 405
Effect of parent's presence on child's reaction to dental visit. Venham, L.L. 625
Human figure drawings as an indication of child's anxiety. Sonnenberg, E. 382
Magic in the dental office. Rossein, K. 491
Malocclusion in relation to educability. Fonder, A.C. 431
Maternal influence on children's dental fears. Gershen, J.A. 316
Response of children to repeated dental procedures. Venham, L. 266
"Retarded dentist". 339
Thumbsucking. Mairesse, A.M. 208
CHILD WELFARE
Child health in a changing world. 230
CHIMPANZEES
Hepatitis B vaccine. Wade, N. 492
CHIN
Genioplasty with Proplast. Dann, J.J. 87
CHLORAL HYDRATE
Sedation for handicapped children. Smith, R.C. 120
CHLORHEXIDINE
Alteration of bacterial adherence to hydroxyapatite. Liljemark, W.F. 629
Antiplaque activity of chlorhexidine and picloxydine. Newcomb, G.M. 41
Chemical control of plaque. Ainamo, J. 546
Comparison of stannous fluoride and chlorhexidine as plaque inhibitors. Svantun, B. 240
Effects of a chlorhexidine gel on plaque and gingivitis in children. Hoyos, D.F. 40
Reversal of localized experimental gingivitis. Bosman, C.W. 83
CHLOROPHENOLS
Antimicrobial activity of endodontic medicament vapors. Ellerbruch, E.S. 78
Changes in surface hardness of temporary cements. Olmsted, J.S. 411
CHLORPROMAZINE
Sedation of the child patient. Myers, D.R. 402
CHOKING *see* AIRWAY OBSTRUCTION
CHOLESTEROL
Serum cholesterol levels of US children, 1971-1974. Abraham, S. 106
CHOLINESTERASES
Degeneration and regeneration of transplanted nerve tissue. Funakoshi, R. 50
CHROMIUM-COBALT ALLOYS
Biocompatibility of prosthodontic materials. Bergman, B. 414
CHROMOSOME ABERRATIONS
Effect of fluoride on murine chromosomes. Martin, G.R. 442
CIMETIDINE
Take two aspirins (and cimetadine). 505
CITRIC ACID
Effect of citric acid cleanser on dental pulp. Cotton, W.R. 37
CITRUS FRUITS
Scurvy fellows. 230
CLEFT LIP
Factors determining occurrence of cleft lip and cleft palate. Habib, Z. 479
Mandibular growth and cleft lip and palate. Vora, J.M. 260
Chemically induced
Teratogenic potential of anticonvulsant drugs. Zablen, M. 308
Teratogenicity of meclizine. Shapiro, S. 375
Etiology
Current understanding of cleft lip and palate. Lubit, E.C. 588
Noise levels and teratism. 433
Seasonal incidence of cleft lip and cleft palate in Sweden. Sandahl, B. 389
History
Cleft lip and cleft palate. Goldberg, H.J. 242
Surgery
The child with cleft lip and palate. Lubit, E.C. 429
Cleft lip repair to prevent a long lip. Brauer, R.O. 482
Preventing a long lip after repair of a cleft. McDowell, F. 482
Therapy
Prosthetic care of young patients. Wirz, J. 496
CLEFT PALATE
Caries prevention for children with cleft palate. Stephen, K.W. 153
Factors determining occurrence of cleft lip and cleft palate. Habib, Z. 479
Implants as growth markers. Friede, H. 266
Mandibular growth and cleft lip and palate. Vora, J.M. 260
V-Y repair of cleft palate. 8
Chemically induced
Teratogenic potential of anticonvulsant drugs. Zablen, M. 308
Teratogenicity of meclizine. Shapiro, S. 375
Etiology
Current understanding of cleft lip and palate. Lubit, E.C. 588
Noise levels and teratism. 433
Role of amniotic fluid in palatal fusion. Nanda, R. 391
Seasonal incidence of cleft lip and cleft palate in Sweden. Sandahl, B. 389
History
Cleft lip and cleft palate. Goldberg, H.J. 242
Surgery
Prosthodontic treatment of patients with cleft palate. Dalston, R.M. 156
Surgical treatment of cleft palate in an adult. Pedersen, G.W. 256
Therapy
The child with cleft lip and palate. Lubit, E.C. 429
Prosthetic care of young patients. Wirz, J. 496
CLEFT PALATE PROSTHESIS
The child with cleft lip and palate. Lubit, E.C. 429
A Nuva-Fil technique for cleft palate prostheses. Birnbaum, R. 298
Prosthetic care of young patients. Wirz, J. 496
Prosthodontic treatment of patients with cleft palate. Dalston, R.M. 156
A two-part prosthesis for postmaxillectomy use. Geissler, P.R. 381
CLINICAL COMPETENCE
Evaluation of dental procedures by senior dental students. Mast, T.A. 462
COBALT RADIOISOTOPES
Effect of cobalt-60 irradiation on human dental enamel. Shannon, I.L. 502
COCAINE
Which local anesthetic? 623
COLD
Pulp testing. Cooley, R.L. 416
Testing the vitality of pulp. Ehrmann, E.H. 191
Use of ice packs for herpes labialis. Danziger, S. 213
COLLAGEN
Effect of microfibrillar collagen on bleeding. Alexander, J.M. 558
How does collagen function? 507
COLLOIDS
Use of reversible hydrocolloid at high altitudes. Christensen, G.J. 196
COLOR
Children's dental attitudes seen in color drawings. Peterson, D.S. 405
Discoloration of low-fusion porcelain. Lacy, A.M. 129
COMMON COLD
Self-control and the common cold. Cate, T.R. 387
Transmission of colds. Gwaltney, J.M., Jr. 383
COMMUNICATION
As others see us. 506
COMMUNITY DENTISTRY
Community oral health managers. Bowen, P.L. 440
Dental health education in community programs. Frazier, P.J. 609
A dental program for migrant workers. Robinson, E. 48
COMMUNITY HEALTH CENTERS *see* NEIGHBORHOOD HEALTH CENTERS
COMPLEMENT 3
Pemphigoid. 434
COMPOSITE RESINS
An abrasion-resistant crown and bridge veneering product. Eames, W.B. 187
Adaptation of composite resin to etched dentin. Marentis, C. 189
Adaptation of restorative materials to pins. Chan, K.C. 244
An adhesive retainer for segmental alveolar surgery. Feinberg, S.E. 300
Bonding in minor tooth movement. Geiger, A.M. 260
Bridge construction with acid-etch resin technique. Davila, J.M. 584
Composite and glass ionomer cement restorations. Kidd, E.A. 628
Composite resin vs gold foil for class V lesions. Wirth-Flynn, M. 581
Composite restorative filling materials. Brauer, G.M. 133
Direct bonding of metal brackets. Gorelick, L. 76
Effect of toothbrushing and primers on enamel-composite bonds. Birtcil, R. 75
Effectiveness of commercial pastes in finishing of composite resin. Horton, C.B. 73
Evaluation of a radiopaque composite resin. Osborne, J.W. 629
Hatton awards. 395
Improved fillers for composite resin materials. Mabie, C.P. 644
An improved technique for contouring composite restorations. Shear, W.I. 249
Marginal adaptation of composite restorations. de Trey, E. 135
Marginal leakage of sealants. Jensen, O.E. 469
A matrix for Class V cavities. Larson, T.D. 196
A modified amalgam splint. Moloff, R.L. 437
A Nuva-Fil technique for cleft palate prostheses. Birnbaum, R. 298
One-year results of pit and fissure sealing. Simonsen, R.J. 18
Penetration of restorative resins into etched enamel. Asmussen, E. 190
Pin-retained composites for splinting lower anterior teeth. Schnepper, H.E. 475
Prevention of marginal problems in acid-etch restorations. Sheykholeslam, Z. 585
Pulpal response to silicate restorations in monkeys. Beagrie, G.S. 50
Repair of veneer facings. Ward, G.T. 82
Research in restorative dentistry. Gullett, C.E. 276
Restoration of fractured incisors with composite resin. Watkins, J.J. 19
The retentive ability of acid-etched dentin. Torney, D.L. 471
Surface quality of composite materials. Mormann, W. 187
Use of composite materials in core restorations. Schmidt, D. 182
COMPREHENSIVE DENTAL CARE
Prevention demonstration program. 113
COMPUTERS
A computer-assisted dental facility. 118
Data encryption hardware. 6
Information, please. 563
New biomedical computer. 282
Office computer systems. Sheofsky, R.M. 637
Wearing your heart on your belt. 450

CONDITIONING, OPERANT
Behavioral management of pain. 59
CONGRESSES
Methods of caries prediction. 512
CONNECTIVE TISSUE
Epithelium. Wysocki, G.P. 549
CONSANGUINITY
Facial characteristics of the Spanish Habsburgs. Hodge, G.P. 64
Familial hypoparathyroidism. Pisanty, S. 207
CONSTRUCTION *see* FACILITY DESIGN AND CONSTRUCTION
CONSUMER PARTICIPATION
The dental hygienist and consumerism. Angevine, E. 13
CONSUMER SATISFACTION
Access to medical care. 170
Retaining patients at dental school clinics. Doxsee, F.R. 626
CONTACT LENSES
Sight for blind infants. 226
CONTRACEPTIVES, ORAL
Localized osteitis associated with use of oral contraceptives. Sweet, J.B. 427
Surgical and drug-induced neuropathy. Wallace, J.R. 150
CONTRAST MEDIA
Evaluation of a radiopaque composite resin. Osborne, J.W. 629
COOKING AND EATING UTENSILS
Beware of dinnerware? 3
COPPER
Biocompatibility of copper-containing amalgams. Mjor, I.A. 354
Plaque-inhibiting effect of copper amalgam. Hyyppä, T. 332
COPYING PROCESSES
Duplication of radiographs. Reid, J.A. 161
COPYRIGHT
Copyright and wrongful copying. 175
CORNEA
Sight restoration after cataract surgery. 337
CORONARY DISEASE
Heart disease and fluoridation. Taves, D.R. 344
Medical emergencies. Matukas, V. 79
CORROSION
Hatton awards. 395
COSMETICS
Dermatitis from cosmetics. 34
COST CONTROL
Health insurance in Canada. Mueller, C.B. 385; Comment. Peterson, O.L. 385
COSTS AND COST ANALYSIS
Cost of quality assurance systems. 455
The mark-up on generics. 169
COUNSELING
Northwestern program links students with alumni. 115
CRACKED TOOTH SYNDROME
Diagnosis of cracks in teeth. Dominkovic, T. 358
CRANIOFACIAL DYSOSTOSIS
Correction of craniofacial deformities. 253
CREDIT AND COLLECTION, PATIENT *see* PATIENT CREDIT AND COLLECTION
CRESOLS
Changes in surface hardness of temporary cements. Olmsted, J.S. 411
Cresatin with calcium hydroxide: effect on the dental pulp. Citron, C.I. 98

Accurate temporary restorations of cold-curing acrylic resin. Kaiser, D.A. 474
Atraumatic single tooth replacement. Moskowitz, E.M. 367
The "biologic width" of a tooth. Ingber, J.S. 419
Control of gingival tissue with aluminum sulfate. Mintatos, S. 635
Design of single restorations and fixed bridges. Craig, R.G. 417
Detection of foreign body. Siek, G.W. 274
Fabrication of a ceramic-metal crown for existing removable partial denture. Lubovich, R.P. 102
One-appointment amalgam core and crown preparation. Reuter, J.E. 186
Provisional coronal sealing. Samani, S. I. 412
Retention of various types of dowels. Kurer, H.G. 520
A safe crown-removal technique. Garver, D.G. 290
Techniques for fixed prosthodontic impressions. Christensen, G.J. 154
The telescope retainer in general dentistry. Casullo, D. 416
The telescopic crown. Gasser, F. 273
Tissue response to temporary acrylic resin crowns. MacEntee, M.L. 290
CULTURAL CHARACTERISTICS
Cultural response to dental care. Gift, H.C. 347
Teething rites. 342
CURRICULUM
A behavioral course for dental students. Seime, R.J. 237
The dental school curriculum: its evolution and influences. Vann, W.F., Jr. 291
Electrosurgery education. Oringer, M.J. 235
More than a scientific diagnosis. 337
Overdentures and swing-lock partial dentures. Renner, R.P. 237
The return to more structured curriculums. Etzioni, A. 408
Skills of traditional and expanded-function hygiene students. Mescher, K.D. 461
The teaching of medical ethics. 125
TEAM in New York University. Hirsch, S.M. 181
University of Oklahoma TEAM program. Biggs, J.T. 181
CYANOACRYLATES
Endodontic sealing materials. 242
Fluoroalkyl cyanoacrylate adhesive after extraction. Dogon, I.L. 600
Pulp reaction to cold-curing acrylic resin. Makiishi, T. 470
CYANOSIS
Ill effects of topical anesthetic spray. Douglas, W.W. 12
CYLINDROMA
Cancer detection. Gobetti, J.P. 246
CYTOLOGICAL TECHNIQUES
Fluorescent antibody techniques in detecting herpes simplex virus. Nitzan, D.W. 472

D

DEATH CERTIFICATES
Death rates from alcoholic disorders. 451
DEBRIDEMENT
Osseous repair with optimal plaque control. Polson, A.M. 599
Root surface preparation. Ruben, M.P. 437
Ultrasonic debridement vs hand instrumentation in surgery. Walsh, T.F. 598
DECALCIFICATION, PATHOLOGIC
The induction of caries in human teeth. Brannstrom, M. 390
DEFIBRILLATION, ELECTRIC *see* ELECTRIC COUNTERSHOCK
DEGLUTITION DISORDERS
Vertical dimension and atypical swallowing. Sheppard, I.M. 327
DELIVERY OF DENTAL CARE
The Colorado tuition policy. Rutherford, R.B. 235
Dental care delivery for the geriatric patient. Lotzkar, S. 71
Dental care in nursing homes. Latt, B. 499
DELIVERY OF HEALTH CARE
Health planning strategies. Sinkford, J.C. 160
Meanwhile, back on the farm. 171
Neighborhood health centers. Breyer, P.R. 439
Physicians' assistants on the scene. 175
DENERVATION
Degeneration and regeneration after inferior alveolar nerve section. Machida, K. 444
Experimental denervation of the masseteric nerve. Kikuchi, M. 52
DENS IN DENTE
Dens invaginatus. Samimy, B. 249
Treatment of dilated dens invaginatus. Cole, G.M. 523
DENS INVAGINATUS *see* DENS IN DENTE
DENTAL ABSTRACTS
An all-star cast. 617
Captain Cassidy. 505
DENTAL ALLOYS
Biocompatibility of prosthodontic materials. Bergman, B. 414
Effect of denture cleansers on alloys and liners. Solovan, D.F. 602
Hatton awards. 395
Semiprecious alloys used for dowels and cores. Dale, J.W. 243
Tissue response to beryllium-containing alloys. Adrian, J.C. 219
The use of semiprecious alloys in cast restorations. Dale, J.W. 353
DENTAL AMALGAM
Adaptation of restorative materials to pins. Chan, K.C. 244
An amalgam splint for posterior teeth. Pollack, R.P. 320
Bacteria in experimental cavity preparations. Mjör, I.A. 354
Biocompatibility of copper-containing amalgams. Mjör, I.A. 354
Comparative sealability of different retrofilling materials. Delivanis, P. 470
Control of mercury vapor emission from amalgam scrap. Cooley, R.L. 245
Failure of amalgam restorations in primary molars. Myers, D.R. 22
The incorporation of fluoride in amalgam. Fazzi, R. 298
Mercury contamination during ultraspeed cutting of amalgam. Cooley, R.L. 583
Mercury vapor hazards from sterilizers. Smart, E.R. 81; Author's reply, Rothwell, P.S. 82
Microleakage of conventional and ternary amalgam restorations. Smith, G.A. 528
A modified amalgam splint. Moloff, R.L. 437
One-appointment amalgam core and crown preparation. Reuter, J.E. 186
Plaque-inhibiting effect of copper amalgam. Hyyppä, T. 332
Provisional coronal sealing. Samani, S.I. 412
Reclamation of amalgam from extracted teeth. Wood, G.D. 191
Research in restorative dentistry. Gullett, C.E. 276
Use of lumbar puncture needles as amalgam carriers. Thomas, F.D. 295
DENTAL ARCH
Dental arch growth: a longitudinal study. Foster, T.D. 127
Early loss of deciduous molars: facial and dental-arch morphology. Ronnerman, A. 314
Third-molar tilt and dental arch crowding. Tait, R.V. 539
DENTAL ARTICULATORS
Ability of Whip-Mix articulator to accept lateral records. Bell, L.J. 74
Articulator adjustments using the transfer vise. Tradowsky, M. 328
The use of a face-bow in complete denture occlusion. Thorp, E.R. 326
DENTAL ASSISTANTS
Expanded duty assistants in solo private practice. Douglass, C.W. 14
Exposure to anesthetic waste gas. Campbell, R.L. 177
Hearing loss among dentists. Roberts, M.E. 551
Nutrition in dental assisting programs. Roth, R.C. 521
Procedures used by Kentucky dentists. Gullett, C.E. 360
The status of the dental assistant. Helgeson, B. 14
DENTAL AUXILIARIES *see also* DENTAL ASSISTANTS *and* DENTAL HYGIENISTS
Hiring auxiliaries. Mitchell, B.V. 637
School dental nurses. 234
Skill in personnel management. Biggs, J.T. 550
Staff evaluation. Biggs, J.T. 605
Transmission of hepatitis. Hribar, D.L. 433
US Navy dental auxiliaries. Booth, R.F. 519
Education
Publication notes. 507
Utilization
Auxiliaries per dentist. 174
Auxiliary utilization. 394
Continuing education in TEAM. Cohen, L.A. 522
Maximum use of auxiliary personnel. Obuhoff, O.N. 519
TEAM in New York University. Hirsch, S.M. 181
University of Oklahoma TEAM program. Biggs, J.T. 181
DENTAL CALCULUS
Gingivitis in pregnancy. Chaikin, B.S. 149

Oral health of elderly institutionalized patients. Mäkilä, E. 127
Plaque control. Strahan, J.D. 586
Root surface caries in a military population. Lohse, W.G. 179
DENTAL CARE
After-hours emergencies. Wissot, J. 101
American Fund for Dental Health. 113
Appraisal of dentist performance. Isman, R. 159
Conditions related to distress in the dental situation. Hentschel, U. 262
Dental care for the patient receiving radiation therapy. Daly, T.E. 192
Dental care for patients with cardiac pacemakers. Razai, F.R. 304
Dental health of nursing home residents. Bagramian, R.A. 158
Dental pain as an index of the quality of life. Miller, J. 642
Hazards of modern dental equipment. 80
Health planning strategies. Sinkford, J.C. 160
Hospitalized and homebound patients. Odom, J.G. 386
Legal implications of blood pressure measurement. Robinson, J.W. 380
Lionizing dentist. 455
Management of the irradiated patient. Fretwell, D.L. 359
Prevalence of HB$_s$Ag in patients. Tullman, M.J. 433
The semiannual dental examination. Sheiham, A. 46; Comments. Beal, J.F. 46; Geddes, A.A. 46; Broadway, R.T. 47; Knott, N.J. 47
Some new publications. 454
Adverse effects
Late infection after hip replacement. Langdon, J.D. 147
History
Then let's work on baldness. 175
Psychology
The psychologically handicapped odontophobe: a classification. Roistacher, J. 104
Trends
Dental education's threefold responsibility. Dewhirst, F.E. 125
Then let's work on baldness. 175
Utilization
Access to medical care. 170
Who goes to the dentist? 227
DENTAL CARE ACCESSIBILITY
Dental care delivery for the geriatric patient. Lotzkar, S. 71
Publication notes. 507
DENTAL CARE NEEDS AND DEMAND
Dental health of nursing home residents. Bagramian, R.A. 158
Oral health status of university students. Blum, S. 644
Treatment needs of 35-year-olds in Oslo. Hansen, B.F. 319
DENTAL CARIES
Caries and periodontal disease. Lehner, T. 520
Dens invaginatus. Samimy, B. 249
Dental implications in the narcotic addict. Gotta, A.W. 158
Educational films. 62
Epidemiology of caries and periodontal disease. Greene, J.C. 498
Management of the irradiated patient. Fretwell, D.L. 359
Oral manifestations of cancer chemotherapy. Carl, W. 600
Preeruptive caries. Yates, J.L. 317
Remineralization in vitro. ten Cate, J.M. 334
Resistance to caries. Steinman, R.R. 123
The state of the art. Kleinberg, I. 607
Complications
Effect of proximal caries on the periodontium. Leon, A.R. 123
Diagnosis
Clinical trials of anticaries agents. Kamen, A. 275
The dental explorer. Iwakura, M. 415
Etiology
Caries and snacks. Salter, A.J. 407
Cariogenicity of dry breakfast cereals in rats and hamsters. McDonald, J.L., Jr. 612
Diet and caries. Bibby, B.G. 513
Diet and dental caries. Kreitzman, S.N. 406
The etiology of caries. Levine, R.S. 457
Frequency of sugar consumption as a caries predictor. Madsen, K.O. 514
The induction of caries in human teeth. Brannstrom, M. 390
Oral hygiene and dental health. Ripa, L.W. 306
A physiologic approach to caries control. Steinman, R. 377
Plaque wars. 449
Stress and oral disease. Steinberg, A.D. 214
Microbiology
Bacteriological monitoring in secondary prevention and management. Tanzer, J.M. 514
Microbial analyses. Bowden, G.H. 515
Microbiologic predictors of caries. Klock, B. 512
Relation of oral flora to diet and caries experience. Bowman, G. 356
Similarity of oral bacteria in various geographic areas. Kelstrup, J. 355
Two-year results in study of plaque and caries. Hardie, J.M. 356
Occurrence
Dental health of nursing home residents. Bagramian, R.A. 158
Dental reductions and caries. Anderson, D.L. 467
Fluoridation and baby bottle syndrome. Currier, G.F. 240
Marijuana and dental health. Silverstein, S.J. 555
Oral health of elderly institutionalized patients. Mäkilä, E. 127
Oral health status of sugarcane chewers. Harris, S. 625
Oral health status of university students. Blum, S. 642
Restorative dentistry program in New Zealand. Rodda, J.C. 527
Root surface caries in a military population. Lohse, W.G. 179
Use of epidemiologic data in caries prediction. Downer, M.C. 513
The WHO oral health program. Barmes, D.E. 578
Pathology
Effect of inflammation on lymphatic drainage of pulps. Bernick, S. 162
Prevention & control
The anticaries effect of chewing tobacco and snuff. Shannon, I.L. 407
Anticaries effects of dietary fluoride supplement. Turtola, L. 446
Caries immunization in rhesus monkeys. Lehner, T. 221
Caries prevention for children with cleft palate. Stephen, K.W. 153
Caries prevention for the handicapped. Wei, S. 153
Caries reduction in schoolchildren: four-year results in Michigan. Bagramian, R.A. 606
The child with cleft lip and palate. Lubit, E.C. 429
Current and future prevention possibilities. Silverstone, L.M. 405
Dental caries prophylaxis with a fluorine lacquer. Heuser, H. 466
Duraphat fluoride varnish: a two-year clinical trial. Murray, J.J. 375
Effect of prenatal ingestion of fluoride. Glenn, F.B. 126
Effectiveness of pit and fissure sealant. Thylstrup, A. 413
Fluoridation. 563
Fluoridation in Newcastle and Northumberland. Rugg-Gunn, A.J. 100
Fluoride in tea leaves. Onisi, M. 413
Inhibition of caries by strontium. Curzon, M.E. 444
Preventive endodontics in maintenance of teeth. Grossman, L.I. 463
A school dental health program in a nonfluoridated community. McKee, D.P. 440
Sealants vs fillings. 282
The strontium content of tooth enamel. Curzon, M.E. 276
Two-year clinical trial of fluoride mouthrinse and dentifrice. Ashley, F.P. 387
Xylitol trials. 1
Radiography
Caries detection. Hotz, P. 107
Therapy
Excavation of deep carious lesions. Magnusson, B.O. 370
Lining materials used over carious dentin. Fisher, F.J. 188
Treatment of rampant caries. Zeuner, E. 138
DENTAL CARIES ACTIVITY TESTS
Anticaries effects of dietary fluoride supplement. Turtola, L. 446
Bacteriological monitoring in secondary prevention and management. Tanzer, J.M. 514
Caries predictive tests. Jordan, H.V. 515
Microbiologic predictors of caries. Klock, B. 512
Salivary factors in prediction of caries. Mandel, I.D. 516
Use of epidemiologic data in caries prediction. Downer, M.C. 513
DENTAL CARIES SUSCEPTIBILITY
Caries and diet. Krasse, B. 515
Methods of caries prediction. 512
Microbiologic predictors of caries. Klock, B. 512
A physiologic approach to caries control. Steinman, R. 377
Prediction by means of tooth morphology and physical characteristics. Brown, J.P. 512
DENTAL CASTING INVESTMENT
Discoloration of low-fusion porcelain. Lacy, A.M. 129
DENTAL CASTING TECHNIQUE
A direct technique for post-core castings. Metrick, L. 79
Discoloration of low-fusion porcelain. Lacy, A.M. 129
Porcelain-fused-to-metal repair technique. Welsh, S.L. 102
Radiographic technique for detecting internal defects in castings. Pascoe, D.F. 497
Relief of the die surface of the wax pattern. Wirth, C.G. 44
Research in restorative dentistry. Gullett, C.E. 276
Stabilizing periodontally involved teeth. Dale, J.W. 267
Taylor and Hollenbeck–Skinner's disciples. Paffenbarger, G.C. 352
DENTAL CAVITY LINING
Healing of pulpitis. Lervik, T. 301
Lining materials used over carious dentin. Fisher, F.J. 188
Marginal adaptation of composite restorations. de Trey, E. 135
Microleakage of conventional and ternary amalgam restorations. Smith, G.A. 528
DENTAL CAVITY PREPARATION
Amalgam instrumentation. Osadetz, C.J. 358
Attitude and pain control through light trance hypnosis. Neiburger, E.J. 93
Bacteria in experimental cavity preparations. Mjör, I.A. 354
Effect of citric acid cleanser on dental pulp. Cotton, W.R. 37
Effects of cavity preparation on the dental pulp. Wallace, G.F. 415
Excavation of deep carious lesions. Magnusson, B.O. 370
Failure of amalgam restorations in primary molars. Myers, D.R. 22
Immediate overlay dentures. Unger, J.W. 157
Marginal adaptation of composite restorations. de Trey, E. 135
Microleakage in resin restorations. Dale, A.C. 531
Preparation for post-core restorations. Gutmann, J.L. 238
Root rests for partial dentures. Waller, M. 156
Techniques for fixed prosthodontic impressions. Christensen, G.J. 154
Use of glass-ionomer cement for the erosion lesion. McLean, J.W. 76
DENTAL CEMENTS
Biocompatibility of prosthodontic materials. Bergman, B. 414
Changes in surface hardness of temporary cements. Olmsted, J.S. 411
Dental pulp reaction to Cavit. Provant, D.R. 531
Endodontic sealing materials. 242
A mineralizing solution to increase tensile bond strength. Levine, R.S. 333
Use of glass-ionomer cement for the erosion lesion. McLean, J.W. 76
Use of a glass ionomer cement in deciduous teeth. Plant, C.G. 189
DENTAL CEMENTUM
The role of cementum in periodontal disease. Emslie, R.D. 545
Tetracycline fluorescence in cementum of human teeth. Nalbandian, J. 557

Pin-retained composites for splinting lower anterior teeth. Schnepper, H.E. 475
Provisional coronal sealing. Samani, S.I. 412
DENTAL PLAQUE
Black extrinsic tooth stain. Reid, J.S. 217
The effect of phosphate-containing sweets on plaque. Ashley, F.P. 277
Effectiveness of two plaque removal agents. Nayak, R.P. 18
Effects of povidone-iodine mouthwash. Ferguson, M.M.

601
The etiology of caries. Levine, R.S. 457
Periodontal hazards of removable partial dentures. MacKay, H.F. 534
Plaque development. Theilade, J. 530
The state of the art. Kleinberg, I. 607
Analysis
Plaque wars. 449
Complications
Effect of orthodontic tilting on periodontal tissues. Ericsson, I. 332
Gingivitis in pregnancy. Chaikin, B.S. 149
Iatrogenic damage. Zachrisson, B.U. 312
Minimal and appreciable widths of keratinized gingiva. Miyasato, M. 97
Oral hygiene and dental health. Ripa, L.W. 306
Periodontal surgery in plaque-infected dentitions. Nyman, S. 318
Diagnosis
Photographic assessment of plaque and gingivitis. Johnson, R.H. 586
Plaque-staining with dyes. Gillings, B.R. 322
An ultraviolet photographic technique for monitoring plaque. Gwinnett, A.J. 548
Use of mouthwash in an irrigating device. Derdivanis, J.P. 532
Drug effects
Effect of sorbose on plaque. Muhlemann, H.R. 445
Drug therapy
Effects of urea peroxide on gingivitis and plaque. Zinner, D.D. 374
Enzymology
Retention of dextranase after mouthrinsing. Futakami, K. 614
Etiology
Crowding of teeth, plaque, and gingival condition. Ingervall, B. 82
Effect of chewing gum on plaque control. Ainamo, J. 108
Immunology
Activity of dental plaque. Okuda, K. 334
Microbiology
Alteration of bacterial adherence to hydroxyapatite. Liljemark, W.F. 629
Bacteriological monitoring in secondary prevention and management. Tanzer, J.M. 514
Microbial analyses. Bowden, G.H. 515
Similarity of oral bacteria in various geographic areas. Kelstrup, J. 355
Two-year results in study of plaque and caries. Hardie, J.M. 356
Occurrence
Marijuana and dental health. Silverstein, S.J. 555
Oral health of elderly institutionalized patients. Mäkilä, E. 127
Physiopathology
Anticaries effects of dietary fluoride supplement. Turtola, L. 446
Caries and periodontal disease. Lehner, T. 520
Cariogenicity of sucrose substitutes. Satin, E. 572
Healing of dentoepithelial junction after subgingival plaque control. Waerhaug, J. 545
Telemetric recordings of interdental plaque pH. Imfeld, T. 503
Prevention and control
Antiplaque activity of chlorhexidine and picloxydine. Newcomb, G.M. 41
Antiplaque substances. Katz, S. 443
Chemical control of plaque. Ainamo, J. 546
Comparison of stannous fluoride and chlorhexidine as plaque inhibitors. Svantun, B. 240
Effect of monthly prophylaxis on periodontal health in adults. Galvind, L. 83
Effect of povidone iodine on plaque development. Addy, M. 270
Have we gone too far? Haeseler, G.A. 321
Periodontal disease and occlusion. 337
Plaque control. Strahan, J.D. 586
Plaque-inhibiting effect of copper amalgam. Hyyppä, T. 332
Treatment of rampant caries. Zeuner, E. 138
Use of mouthwash in an irrigating device. Derdivanis, J.P. 532
Therapy
Effect of chewing gum on plaque control. Ainamo, J. 108
Effects of a chlorhexidine gel on plaque and gingivitis in children. Hoyos, D.F. 40
DENTAL PORCELAIN
An abrasion-resistant crown and bridge veneering product. Eames, W.B. 187
Discoloration of low-fusion porcelain. Lacy, A.M. 129
Fabrication of a ceramic-metal crown for existing removable partial denture. Lubovich, R.P. 102
Porcelain-fused-to-metal fixed partial denture. Kuhlke, K. 272
Porcelain-fused-to-metal repair technique. Welsh, S.L. 102
Porcelain in dentistry. Sproull, R.C. 627
Surface characterization of temporary restorations. Cleveland, J.L. 103
DENTAL PROPHYLAXIS
Assessing oral prophylaxis with an SEM. Galil, K.A. 137
Attitude and pain control through light trance hypnosis. Neiburger, E.J. 93
Effect of monthly prophylaxis on periodontal health in adults. Galvind, L. 83
Effectiveness of F-impregnated prophylaxis cups. Shannon, I.L. 245
Pain experienced during prophylaxis. Schklair, E. 487
Periodontal disease and occlusion. 337
Reduction of gingivitis with prophylaxes. Talbott, K. 587
DENTAL PROSTHESIS
American dentistry from 1790 to 1840. Charles, A.D. 184
Dentistry and speech dysfunctions. Pinsky, T.M. 361
Nutrition and prosthodontics. Swoope, C.C. 154
Oral health status of university students. Blum, S. 642
Porcelain in dentistry. Sproull, R.C. 627
Preprosthodontic treatment. Lange, N.P. 155
DENTAL PROSTHESIS DESIGN
Arrangement of anterior teeth. Mizokami, T. 553
The "biologic width" of a tooth. Ingber, J.S. 419
Design of single restorations and fixed bridges. Craig, R.G. 417
Post and core designs used for endodontically treated teeth. Antonoff, S.J. 418
Removable partial dentures and oral health. Dail, R.A. 320
DENTAL PROSTHESIS REPAIR
An abrasion-resistant crown and bridge veneering product. Eames, W.B. 187
Repair of veneer facings. Ward, G.T. 82
DENTAL PULP
Pulps of teeth after vital root resection. Tagger, M. 68
Study of extirpated pulp. Matsui, H. 16
Anatomy and histology
Pulp status after autogenous transplantation. Hasselgren, G. 69
Cytology
Sex determination based on tooth cells. Toi, M. 241
Drug effects
Dental pulp reaction to Cavit. Provant, D.R. 531
Effect of citric acid cleanser on dental pulp. Cotton, W.R. 37
Effect of NaOCl on vital pulp tissue. Rosenfeld, E.F. 574
Effect of pyruvic acid on pulp. Retief, D.H. 219
Immune response in pulp tissue altered by eugenol. Block, R.M. 502
Pulp reaction to cold-curing acrylic resin. Makiishi, T. 470
Pulpal response to silicate restorations in monkeys. Beagrie, G.S. 50
Immunology
Effect of pulp canal sealer on immune response. Block, R.M. 559
Injuries
Effects of cavity preparation on the dental pulp. Wallace, G.F. 415
Effects of neodymium laser on pulp. Adrian, J.C. 132
Therapeutic value of antihistamine in pulp dressings. Pickett, A.B. 211
Innervation
Changes in axons and neurons after pulp extirpations. Gobel, S. 445
Microbiology
Methods of evaluating canal debridement. Dupont, A.A. 69
Pathology
Effect of inflammation on lymphatic drainage of pulps. Bernick, S. 162
Physiopathology
Degeneration and regeneration after inferior alveolar nerve section. Machida, K. 444
Healing after pulpotomy. Chen, C.-H. 558
The induction of caries in human teeth. Brannstrom, M. 390
Ultrastructure
Methods of evaluating canal debridement. Dupont, A.A. 69
DENTAL PULP CALCIFICATION
Prognosis of traumatized permanent anterior teeth. Jacobsen, I. 443
DENTAL PULP CAPPING
Cresatin with calcium hydroxide: effect on the dental pulp. Citron, C.I. 98
Healing after pulpotomy. Chen, C.-H. 558
DENTAL PULP CAVITY
Antimicrobial activity of endodontic medicament vapors. Ellerbruch, E.S. 78
Autotransplantation of maxillary canines. Oksala, E. 141
Foreign objects in root canals. Lamster, I.B. 147
Root canal walls after extirpation of pulp. Sharkey, S.W. 295
DENTAL PULP DEVITALIZATION
Focal infection. Ehrmann, E.H. 183
Surface temperature as an indicator of tooth vitality. Banes, J.D. 523
DENTAL PULP DISEASES
Categories of pulpal pain. Levitan, L.J. 574
Endo-antral syndrome. Selden, H.S. 411
Preventive endodontics in maintenance of teeth. Grossman, L.I. 463
Systemic disorders imitating pulpal disease. Patterson, S.S. 541
DENTAL PULP GANGRENE
Categories of pulpal pain. Levitan, L.J. 574
Penetration of irrigating solution in root canals. Salzgeber, R.M. 182
Prognosis of traumatized permanent anterior teeth. Jacobsen, I. 443
DENTAL PULP TEST
Pulp testing. Cooley, R.L. 416
Surface temperature as an indicator of tooth vitality. Banes, J.D. 523
Testing the vitality of pulp. Ehrmann, E.H. 191
Thermal pulp testing. Cooley, R.L. 585
DENTAL RECORDS
The anatomy of a smile. Matthews, T.G. 476
A computer-assisted dental facility. 118
Record keeping. Hopp, D.I. 550
Request procedures in identification of human remains. Turner, C.H. 184
Tooth numbering. Schwartz, S. 303
DENTAL RESTORATION *see also* DENTAL CAVITY PREPARATION
DENTAL RESTORATION, PERMANENT
Adaptation of composite resin to etched dentin. Marentis, C. 189
Bacteria in experimental cavity preparations. Mjör, I.A. 354
Composite and glass ionomer cement restorations. Kidd, E.A. 628
Composite restorative filling materials. Brauer, G.M. 133
A computer-assisted dental facility. 118
Effect of toothbrushing and primers on enamel-composite bonds. Birtcil, R. 75
Effectiveness of commercial pastes in finishing of composite resin. Horton, C.B. 73
Elastomeric separators. McClea, C.P. 418
Evaluation of a radiopaque composite resin. Osborne, J.W. 629
Evaluation of dental procedures by senior dental students. Mast, T.A. 462
Improved fillers for composite resin materials. Mabie, C.P. 644
An improved technique for contouring composite restorations. Shear, W.I. 249
Marginal adaptation of composite restorations. de Trey, E. 135
A matrix for Class V cavities. Larson, T.D. 196
Microleakage of conventional and ternary amalgam restorations. Smith, G.A. 528
One-year results of pit and fissure sealing. Simonsen, R.J. 18
Periodontal disease and occlusion. 337
Porcelain-fused-to-metal repair technique. Welsh, S.L. 102
Pulpal response to silicate restorations in monkeys. Beagrie, G.S. 50
Restoration of fractured incisors with composite resin. Watkins, J.J. 19
Restorative dentistry program in New Zealand. Rodda, J.C. 527
Surface characterization of temporary restorations. Cleveland, J.L. 103

Surface quality of composite materials. Mormann, W. 187
Use of a glass ionomer cement in deciduous teeth. Plant, C.G. 189
Use of composite materials in core restorations. Schmidt, D. 182
Vertical fracture of crown and root. Michanowicz, A.E. 634
Adverse effects
Predicting and preventing incomplete tooth fracture. Maxwell, E.H. 135
Economics
Sealants vs fillings. 282
History
American dentistry from 1790 to 1840. Charles, A.D. 184
Methods
Composite resin vs. gold foil for class V lesions. Wirth-Flynn, M. 581
One-appointment amalgam core and crown preparation. Reuter, J.E. 186
Prevention of marginal problems in acid-etch restorations. Sheykholeslam, Z. 585
Use of glass-ionomer cement for the erosion lesion. McLean, J.W. 76
Utilization
Procedures used by Kentucky dentists. Gullett, C.E. 360
DENTAL RESTORATION, TEMPORARY
Accurate temporary restorations of cold-curing acrylic resin. Kaiser, D.A. 474
Bacteria in experimental cavity preparations. Mjör, I.A. 354
Changes in surface hardness of temporary cements. Olmsted, J.S. 411
Dental pulp reaction to Cavit. Provant, D.R. 531
Preeruptive caries. Yates, J.L. 317
Provisional coronal sealing. Samani, S.I. 412
A safe crown-removal technique. Garver, D.G. 290
Surface characterization of temporary restorations. Cleveland, J.L. 103
Tissue response to temporary acrylic resin crowns. MacEntee, M.L. 290
DENTAL SERVICE, HOSPITAL
After-hours emergencies. Wissot, J. 101
General practice residencies. Argentieri, G.W. 410
Hospitalized and homebound patients. Odom, J.G. 386
DENTAL STAFF
Dental staff interpersonal relations. DiBiaggio, J.A. 378
Office emergency evaluation program. Patakas, B. 474
DENTAL STRESS ANALYSIS
Laser holography in dentistry. Young, J.M. 161
DENTIFRICES
Abrasiveness of dentifrices. Hembree, M.E. 10; Comment. Hefferren, J.J. 11
Assessing oral prophylaxis with an SEM. Galil, K.A. 137
Two-year clinical trial of fluoride mouthrinse and dentifrice. Ashley, F.P. 387
DENTIGEROUS CYST
Follicular cyst of the mandible. Modica, R. 366
Odontogenic cysts in West Malaysia. Rengaswamy, V. 423
DENTIN
Adaptation of composite resin to etched dentin. Marentis, C. 189
Changes in pulp and dentin from orthodontic forces. Ueki, K. 51
Effect of pyruvic acid on pulp. Retief, D.H. 219
Lining materials used over carious dentin. Fisher, F.J. 188
A mineralizing solution to increase tensile bond strength. Levine, R.S. 333
The retentive ability of acid-etched dentin. Torney, D.L. 471
Teeth of calcium-deprived rats. Rasmussen, P. 49
Drug effects
Excavation of deep carious lesions. Magnusson, B.O. 370
Immunology
Species determination from tooth fragments. Whittaker, D.K. 526
Injuries
Effects of neodymium laser on pulp. Adrian, J.C. 132
Microbiology
Bacteria in experimental cavity preparations. Mjör, I.A. 354
Pathology
Prematurely erupted teeth. Anneroth, G. 363
Physiology
Resistance to caries. Steinman, R.R. 123
Reversibility of dentin impedance after electroanalgesia. Tasman, D. 164
Physiopathology
The induction of caries in human teeth. Brannstrom, M. 390
DENTIN SENSITIVITY
Conditions related to distress in the dental situation. Hentschel, U. 262
Desensitizing agents for root surfaces. Green, B.L. 218
Desensitizing dentin by iontophoresis with fluoride. Gangarosa, L.P. 636
Hypersensitivity. Peden, J.W. 39
Hypersensitivity of dentin. Kirkegaard, E. 41
Iontophoresis of fluoride for desensitizing dentin. Gangarosa, L.P. 466
Treatment of hypersensitive dentin. Harris, R. 38
Treatment of rampant caries. Zeuner, E. 138
DENTIN SOLUBILITY
Erosion of dentin and enamel. Davis, W.B. 162
DENTINOGENESIS
Healing after pulpotomy. Chen, C.-H. 558
DENTIST-PATIENT RELATIONS
Amiable Al/Alice and other patient-types. 451
As others see us. 506
Children's dental attitudes seen in color drawings. Peterson, D.S. 405
Cultural response to dental care. Gift, H.C. 347
Effective case presentation. Fishman, S.R. 360
Establishing rapport with a patient. Desai, S. 383
The geriatric patient. Garverick, C.M. 526
Hospitalized and homebound patients. Odom, J.G. 386
Patient motivation. Runyon, H.L. 404
Prevention—the need for a change in attitude. Fleming, W.J. 606
Quality of dental care as a factor of dentists' perception of patient. Weinstein, P. 403
DENTISTRY
Dental education of the future. Giddon, D.B. 409
Health planning strategies. Sinkford, J.C. 160
Northwestern program links students with alumni. 115
Population and professional prospects. Dewel, B.V. 42
Rectifying the problems of excess dental manpower. Meskin, L.H. 326
DENTISTRY FOR THE HANDICAPPED *see also* HANDICAPPED
Nitrous oxide administration for handicapped children. Wald, C. 317
"Retarded dentist". 339
Sedation for handicapped children. Smith, R.C. 120
DENTISTRY, OPERATIVE
Eye and face injuries in the dental office. Hartley, J.L. 639
Peer review vs self-assessment. Milgrom, P. 608
Procedures used by Kentucky dentists. Gullett, C.E. 360
DENTISTS
Appraisal of dentist performance. Isman, R. 159
Black Americans in dentistry. 395
A dentist sues. 6
The dentist's creed. van Heerden, E. Jan IBC
Dentists' intake of vitamin C. Cheraskin, E. 216
The drug scene. 227
Exposure to anesthetic waste gas. Campbell, R.L. 177
Hearing loss among dentists. Roberts, M.E. 551
Hey, amigo (a). 227
Job placement for dental professionals. Hermes, A. 379
Opportunities to help. 114
Relieving practice stress. Blatt, E. 380
Transmission of hepatitis. Hribar, D.L. 433
Supply & distribution
The Colorado tuition policy. Rutherford, R.B. 235
DENTITION
Dental asymmetry in Japanese children. DiBennardo, R. 317
Tooth numbering. Schwartz, S. 303
DENTITION, MIXED
The mandibular canal in children. Arai, K. 346
Prediction of breadth of canines and premolars. Ingervall, B. 539
Treating gingival recession in children. Boyd, R.L. 486
DENTURE BASES
Biocompatibility of prosthodontic materials. Bergman, B. 414
The cadmium content of denture base materials. McCabe, J.F. 529
Resin sheets as denture base material. Engelhardt, J.P. 43
A technique for finishing and polishing denture bases. Welker, W.A. 554
DENTURE CLEANSERS
Effect of denture cleansers on alloys and liners. Solovan, D.F. 602
Effects of cleansers on metal components of dentures. Backenstose, W.M. 38
Efficacy of an enzyme denture cleanser. Budtz-Jörgensen, E. 322
DENTURE, COMPLETE
Anterior tooth display. Vig, R.G. 641
Devices for stroke victims. Selley, W.G. 496
Free gingival grafts for treatment of epulis fissuratum. Meister, F., Jr. 26
Incorporating names in dentures. Todo, J. 104
Marking nursing home residents' dentures. Avery, K.T. 157
Masticatory performance of patients with overdentures. Rissin, L. 640
A short-term free denture service. Sanberg, P. 216
Should dentures be worn continuously? Tautin, F.S. 609
The use of a face-bow in complete denture occlusion. Thorp, E.R. 326
Vertical dimension and atypical swallowing. Sheppard, I.M. 327
DENTURE, COMPLETE, IMMEDIATE
Immediate overlay dentures. Unger, J.W. 157
Impression technique for complete maxillary immediate denture. Cupero, H.M. 381
Influence of immediate dentures on oral motor skill and speech. Chierici, G. 327
Interim complete dentures. Larsen, H.D. 497
DENTURE, COMPLETE, MANDIBULAR
The mandibular staple bone plate. Rotskoff, K.S. 103
Patients with pemphigus vulgaris. Tolentino, A.T. 381
DENTURE, COMPLETE, MAXILLARY
Inflammatory papillary hyperplasia in patients with dentures. Bauman, R. 45
A two-part prosthesis for postmaxillectomy use. Geissler, P.R. 381
DENTURE LINERS
Biocompatibility of prosthodontic materials. Bergman, B. 414
Effect of denture cleansers on alloys and liners. Solovan, D.F. 602
Patients with pemphigus vulgaris. Tolentino, A.T. 381
DENTURE, OVERLAY
Endodontic treatment and the overdenture. Armstrong, R.L. 44
Immediate overlay dentures. Unger, J.W. 157
Interim complete dentures. Larsen, H.D. 497
Masticatory performance of patients with overdentures. Rissin, L. 640
Overdentures and swing-lock partial dentures. Renner, R.P. 237
Root rests for partial dentures. Waller, M. 156
Stud dentures. Mew, J.R. 553
Vitreous carbon implants as overdenture supports. Plainfield, S. 640
DENTURE, PARTIAL
Radiographic technique for detecting internal defects in castings. Pascoe, D.F. 497
DENTURE, PARTIAL, FIXED
An abrasion-resistant crown and bridge veneering product. Eames, W.B. 187
Bridge construction with acid-etch resin technique. Davila, J.M. 584
Design of single restorations and fixed bridges. Craig, R.G. 417
Osseointegrated implants. Brånemark, P.-I. 569
Porcelain-fused-to-metal fixed partial denture. Kuhlke, K. 272
Prosthetic care of young patients. Wirz, J. 496
Ramus implant. Kay, H.M. 365, 538
Repair of veneer facings. Ward, G.T. 82
The telescope retainer in general dentistry. Casullo, D. 416
The telescopic crown. Gasser, F. 273
DENTURE, PARTIAL, REMOVABLE
Fabrication of a ceramic-metal crown for existing removable partial denture. Lubovich, R.P. 102
Follow-up care of patients with removable partial dentures. Demer, W.J. 157
Incorporating names in dentures. Todo, J. 104
Laser holography in dentistry. Young, J.M. 161
Overdentures and swing-lock partial dentures. Renner,

R.P. 237
Periodontal hazards of removable partial dentures. MacKay, H.F. 534
Removable partial dentures and oral health. Dail, R.A. 320
Root rests for partial dentures. Waller, M. 156
Adverse effects
One-to-two year evaluation of removable partial dentures. Schwalm, C.A. 272
DENTURE, PRECISION ATTACHMENT
Stud dentures, Mew, J.R. 553
DENTURE RETENTION
Bridge construction with acid-etch resin technique. Davila, J.M. 584
The mandibular staple bone plate. Rotskoff, K.S. 103
DEPRESSION
Etiologies of myofascial pain dysfunction syndrome. Sharav, Y. 205
DERMATITIS, CONTACT
Dermatitis from cosmetics. 34
DEXTRANASE
Retention of dextranase after mouthrinsing. Futakami, K. 614
DIABETES MELLITUS
Management of the diabetic patient. Randall, S. 198
Medical emergencies. Matukas, V. 79
DIACETYLMORPHINE *see also* HEROIN ADDICTION
Evaluation of heroin in control of cancer pain. Holden, C. 205
DIAGNOSIS
New biomedical computer. 282
DIAGNOSIS, DIFFERENTIAL
Systemic disorders imitating pulpal disease. Patterson, S.S. 541
DIAGNOSIS, ORAL
Biopsy technique for jaw lesions. Najjar, T.A. 193
Diagnosis of early asymptomatic oral squamous carcinoma. Mashberg, A. 20; Comments. Koufman, J.A. 21; Phelps, H.M. 21
Effective case presentation. Fishman, S.R. 360
The photographic survey. Meister, F., Jr. 603
The semiannual dental examination. Sheiham, A. 46; Comment. Beal, J.F. 46; Geddes, A.A. 46; Broadway, R.T. 47; Knott, N.J. 47
DIARRHEA
Chewing gum diarrhea. Goldberg, L.D. 489
DIASTEMA
Early loss of deciduous molars: facial and dental-arch morphology. Ronnerman, A. 314
DIAZEPAM
Comparison of diazepam and thiopental for induction of general anesthesia. Chir, A.R. 403
Diazepam vs thiopental for induction of anesthesia. Rubin, A. 518
Intravenous sedation for mentally retarded patients. Carrel, R. 12
Intravenous sedation for periodontal surgery. Cohen, C.I. 594
Intravenous sedation plus narcotic and antagonist. Gelfman, S. 402
DIBUCAINE
Methylcellulose and topical anesthetics. Felder, S.M. 65
DIET
Diet and cancer. Meisner, L.F. 582
Diet of extinct mammals as indicated by microwear on teeth. Walker, A. 623
Our national nutrition policy. 302
Relation of oral flora to diet and caries experience. Bowman, G. 356
DIET, CARIOGENIC
Anticaries effects of dietary fluoride supplement. Turtola, L. 446
Caries and diet. Krasse, B. 515
Caries and snacks. Salter, A.J. 407
Cariogenicity of dry breakfast cereals in rats and hamsters. McDonald, J.L., Jr. 612
Diet and caries. Bibby, B.G. 513
The etiology of caries. Levine, R.S. 457
Frequency of sugar consumption as a caries predictor. Madsen, K.O. 514
A physiologic approach to caries control. Steinman, R. 377
DIET, REDUCING

MACROGLOSSIA
Facial characteristics of the Spanish Habsburgs. Hodge, G.P. 64
Lymphangioma of the tongue. Goldberg, M.H. 361
MAGIC
Magic in the dental office. Rossein, K. 491
MAGNETICS
An artificial upper jaw. 309
MALOCCLUSION
Evaluation of orthodontic indexes. Katz, R.V. 594
Have we gone too far? Haeseler, G.A. 321
Movement of a metal implant. Wigglesworth, S.W. 313
Preprosthodontic treatment. Lange, N.P. 155
Results with the Begg technique. Levin, R.I. 143
Third-molar tilt and dental arch crowding. Tait, R.V. 539
Complications
Crowding of teeth, plaque, and gingival condition. Ingervall, B. 82
Malocclusion in relation to educability. Fonder, A.C. 431
TMJ dysfunction in adolescents. Williamson, E.H. 261
Treating gingival recession in children. Boyd, R.L. 486
Etiology
Effect of early loss of deciduous teeth. Høffding, J. 370
Lip habits. Barber, T.K. 371
Thumbsucking. Mairesse, A.M. 208
Familial and genetic
Facial characteristics of the Spanish Habsburgs. Hodge, G.P. 64
Psychology
The need for orthodontic treatment. Prahl-Andersen, B. 540
Surgery
Relapse after sagittal split osteotomy. Phillips, R.M. 427
Surgical treatment of cleft palate in an adult. Pedersen, G.W. 256
Therapy
Interception of malocclusion in the deciduous dentition. Grosfeld, O. 592
Lower fixed tongue crib and lip toning exercises. Cooke, M.S. 142
Lower incisor extraction. Bahreman, A.-A. 312, 368
Occlusal adjustment for balanced occlusions. McNamara, D.C. 273
Oral myofunctional therapy. Hanson, M.L. 314
MALPRACTICE
Dental malpractice: a growing problem. Collett, H.A. 552
A dentist sues. 6
Recent legal decisions: their effects on dentists. Gamer, S. 324
MANDIBLE
Bruxism. Tuggle, J.W. 248
The effect of Begg treatment on the lower labial segment. Edler, R.J. 203
The importance of correct mandibular posture. Stoll, V. 201
Abnormalities
Hyoid changes after treatment of mandibular prognathism. Graber, L.W. 538
Mandibular hypoplasia resulting from perinatal trauma. Berger, S.S. 31
Anatomy
The anteroposterior position of the mandibular foramen. Hayward, J. 401
A cephalometric evaluation of American Negro women. Fonseca, R.J. 485
The mandibular canal in children. Arai, K. 346
Radiographic appearance of inferior dental canal. Nortjé, C.J. 346
Use of extraoral landmarks in mandibular block. Shields, P.W. 232
Growth & development
Dental age and skeletal age. Liebgott, B. 576
A docile orthodontic patient. 230
Experimental denervation of the masseteric nerve. Kikuchi, M. 52
Mandibular growth and cleft lip and palate. Vora, J.M. 260
Innervation
Experimental denervation of the masseteric nerve. Kikuchi, M. 52
Mandibular incisor nerve supply. Rood, J.P. 233
Radiography
Radiographic appearance of inferior dental canal. Nortjé, C.J. 346
Surgery
Autogenous bone grafts for mandibular reconstruction. Adekeye, E.O. 537
Bone graft augmentation of the atrophic mandible. Stoelinga, P.J. 429
Ceramic augmentation of the mandible. Bunte, M. 366
Correction of relapsed mandibular prognathism. DiStefano, J.F. 484
Mandibular augmentation. Lekkas, K. 28
Mandibular reconstruction after radical surgery. Small, I.A. 483
The mandibular staple bone plate. Rotskoff, K.S. 103
Periapical condition of teeth after correction of prognathism. Ridell, A. 425
Ramus implant. Kay, H.M. 365, 538
Relapse after sagittal split osteotomy. Phillips, R.M. 427
Resorption of mandibular graft. Ridley, M.T. 633
Sagittal split osteotomy for retrognathia. Broadbent, T.R. 424
A "sandwich" technique for alveolar ridge augmentation. Schettler, D. 311
Surgical treatment of cleft palate in an adult. Pedersen, G.W. 256
Treatment of severe mandibular retrognathism. McNeill, R.W. 593
MANDIBULAR CONDYLE
Incisal bite-force direction in humans. Hylander, W.J. 289
Mandibular hypertrophy after irradiation. Shelton, D.W. 26
Nerve injury in condylar fractures. Schmidseder, R. 310
Path of the condyle in TMJ dysfunction. Farrar, W.B. 535
Relapse after sagittal split osteotomy. Phillips, R.M. 427
TMJ remodeling. Lindahl, L. 41
Treatment of mandibular osteomas. Weinberg, S. 252
MANDIBULAR DISEASES
Complications of herpes zoster. Cooper, J.C. 363
Eosinophilic granuloma of the mandible. Cutler, L.S. 307
Idiopathic bone cavities. Choukas, N.C. 421
Mandibular hypertrophy after irradiation. Shelton, D.W. 26
Osteomyelitis of the mandible. Sanders, B. 632
Relapse after sagittal split osteotomy. Phillips, R.M. 427
Radiotherapy
Use of cobalt radiation to prevent reankylosis. Robinson, M. 258
Surgery
Calcified odontoma. Hayward, J.R. 251
Resection and reconstruction in cases of mandibular osteomyelitis. Obwegeser, H.L. 481
Surgical treatment of chronic osteomyelitis. Nakajima, T. 420
Therapy
Hyperbaric oxygen treatment of mandibular osteomyelitis. Goupil, M.T. 536
MANDIBULAR FRACTURES
Injury associated with wearing a crash helmet. Yates, C. 199
Internal wire fixation of fractured mandibles. Van Dijk, L. 25
Nerve injury in condylar fractures. Schmidseder, R. 310
TMJ remodeling. Lindahl, L. 41
Use of cobalt radiation to prevent reankylosis. Robinson, M. 258
MANDIBULAR INJURIES
Ankylosis of the TMJ: cephalometric studies. El-Mofty, S. 107
MANDIBULAR NEOPLASMS
Follicular cyst of the mandible. Modica, R. 366
Metastatic thyroid carcinoma of the mandible. Ripp, G.A. 134
Predicting recurrence in odontogenic ameloblastoma. Khanna, S. 477
Temporary titanium mandibular implants. Austermann, K.H. 199
Treatment of mandibular osteomas. Weinberg, S. 252
MANDIBULAR NERVE
Mandibular incisor nerve supply. Rood, J.P. 233

MANDIBULAR PROSTHESIS
Mandibular reconstruction after radical surgery. Small, I.A. 483
Temporary titanium mandibular implants. Austermann, K.H. 199
MANNITOL
Cariogenicity of sucrose substitutes. Satin, E. 572
MARIJUANA *see* CANNABIS
MASKS
The face mask. Cooke, M.S. 367
Hyperbaric oxygenation: prosthodontic responsibilities. Young, J.M. 328
MASS SCREENING
Blood pressure screening. Kennon, S. 325
Diagnosis of early asymptomatic oral squamous carcinoma. Mashberg, A. 20; Comments. Koufman, J.A. 21; Phelps, H.M. 21
Large-scale oral cancer screening. Maldonado, O. 134
Oral cancer screening. 113
Vision testing via TV. 115
MASTICATION
Incisal bite-force direction in humans. Hylander, W.J. 289
Masticatory performance of patients with overdentures. Rissin, L. 640
Muscle spindles in the human jaw muscle. Kubota, K. 345
MASTICATORY MUSCLES
Bruxism. Tuggle, J.W. 248
Experimental denervation of the masseteric nerve. Kikuchi, M. 52
Masticatory performance of patients with overdentures. Rissin, L. 640
The Myo-Monitor. Jankelson, B. 529
The Myo-Monitor (2). Jankelson, B. 581
Innervation
Muscle spindles in the human jaw muscle. Kubota, K. 345
Physiology
Activities of the masticatory muscles. Hirao, F. 152
Physiopathology
Electromyography in diagnosis of headache. Masland, W.S. 597
Occlusal dysfunction screening. Nasedkin, J.N. 583
The prevalence of masticatory dysfunction. Karakasis, D. 423
Sutural growth after masticatory muscle resection. Koskinen, L. 447
Surgery
The surgical approach to the pterygoid region. Worthington, P. 357
MATERNAL AGE
Decreasing age of mothers of infants with Down syndrome. Holmes, L.B. 488
MATRIX BAND
Effect of toothbrushing and primers on enamel-composite bonds. Birtcil, R. 75
An improved technique for contouring composite restorations. Shear, W.I. 249
A matrix for Class V cavities. Larson, T.D. 196
A matrix technique for buccal or lingual "steps". Rakow, B. 80
MAXILLA
An artificial upper jaw. 309
A cephalometric evaluation of American Negro women. Fonseca, R.J. 485
Maxillary osteotomy for facial deformities. Bruce, R.A. 590
The microanatomy of the edentulous maxilla. Marks, B.I. 516
Surgical treatment of cleft palate in an adult. Pedersen, G.W. 256
Use of a lingual flap after partial maxillectomy. Siegel, E.B. 198
MAXILLARY DISEASES
Complications of herpes zoster. Cooper, J.C. 363
Pain associated with maxillary bone cavities. Ratner, E.J. 262
Pathosis of the hard and soft palates. Nelson, J.F. 596
Treatment of a central giant cell granuloma. Schofield, I.D. 307
MAXILLARY NEOPLASMS
Maxillary metastatic carcinoma. Orlian, A.I. 246
Predicting recurrence in odontogenic ameloblastoma. Khanna, S. 477
MAXILLARY NERVE
Section of the maxillary nerve for intractable neuralgia. Braun, T.W. 141
MAXILLARY SINUS
Endo-antral syndrome. Selden, H.S. 411
Maxillary sinusitis caused by a gutta-percha point. Minkow, B. 257
Systemic disorders imitating pulpal disease. Patterson, S.S. 541
MAXILLOFACIAL DEVELOPMENT
Ankylosis of the TMJ: cephalometric studies. El-Mofty, S. 107
Early loss of deciduous molars: facial and dental-arch morphology. Ronnerman, A. 314
Sutural growth after masticatory muscle resection. Koskinen, L. 447
Taste and development. 62
MAXILLOFACIAL PROSTHESIS
An artificial upper jaw. 309
A two-part prosthesis for postmaxillectomy use. Geissler, P.R. 381
MEAT
Heavy beef. 286
MECLIZINE
Teratogenicity of meclizine. Shapiro, S. 375
MEDICAID
"Health of the disadvantaged". 118
MEDICAL ASSISTANCE, TITLE 19 *see* MEDICAID
MEDICAL HISTORY TAKING
Methods for detecting mandibular dysfunction. Rieder, C.E. 251
Use of a medical questionnaire for dental patients. Eggleston, D.J. 150
MEDICARE
"Health of the disadvantaged". 118
MEDICINE
Weighing medical knowledge. 395
MEDLARS-MEDLINE INFORMATION SYSTEM
Historical note. 57
MEFENAMIC ACID
Non-narcotic analgesics. Ciancio, S.B. 374
MELANOMA
Oral malignant melanoma in Africans. Oluwasanmi, J.O. 246
Oral melanotic macules. Page, L.R. 200
MELANOSIS
Oral melanotic macules. Page, L.R. 200
MENARCHE
Menarche and dental eruption. Guedes-Pinto, A.C. 468
MENTAL DISORDERS
Malocclusion in relation to educability. Fonder, A.C. 431
MENTAL HEALTH SERVICES
Mental health and dental education. Wexler, M. 293
MENTAL RETARDATION
Drug-induced gingival hyperplasia in mentally retarded patients. Murphy, J.B. 478
Familial hypoparathyroidism. Pisanty, S. 207
Intravenous sedation for mentally retarded patients. Carrel, R. 12
"Retarded dentist". 339
MEPERIDINE
Sedation of the child patient. Myers, D.R. 402
MERCAPTO COMPOUNDS *see* SULFHYDRYL COMPOUNDS
MERCURY
Control of mercury vapor emission from amalgam scrap. Cooley, R.L. 245
Mercury contamination during ultraspeed cutting of amalgam. Cooley, R.L. 583
Mercury vapor from sterilizers. Rothwell, P.S. 21
Mercury vapor hazards from sterilizers. Smart, E.R. 81; Author's reply, Rothwell, P.S. 82
Reduction of mercury vapor. Wilson, J. 359
METACARPOPHARYNGEAL JOINT
Tooth wounds in the fist. 30
METALS
Hatton awards. 395
Porcelain-fused-to-metal repair technique. Welsh, S.L. 102
METAPLASIA
Necrotizing sialometaplasia. Hovinga, J. 422
METHOHEXITAL
Intravenous sedation for mentally retarded patients. Carrel, R. 12
Intravenous sedation plus narcotic and antagonist. Gelfman, S. 402
METHOTREXATE
Combined Ca therapy fails. 505
METHYLCELLULOSE
Cresatin with calcium hydroxide: effect on the dental pulp. Citron, C.I. 98
Methylcellulose and topical anesthetics. Felder, S.M. 65
METHYLPREDNISOLONE
Steroid treatment of lichen planus. Ferguson, M.M. 98
METRIC SYSTEM
Publications. 617
METRONIDAZOLE
Mismanaged facial infection. Webb, C.H. 24
Treatment of acute pericoronitis with metronidazole. McGowan, D.A. 37
MICROSCOPY, ELECTRON, SCANNING
Electron microscopy for root canal preparation. Lester, K.S. 464
Methods of evaluating canal debridement. Dupont, A.A. 69
MIGRAINE
Migraine. Pearce, J. 369
Migraine. Saper, J.R. 543
MILITARY DENTISTRY
Civilian dental hygienists with the Army. Cheatham, J.L. 460
Hepatitis risk in retired military dental patients. Crosslin, E.C. 207
US Navy dental auxiliaries. Booth, R.F. 519
MILK
Fluoride in milk and formula for infants. Tinanoff, N. 465

NITROUS OXIDE
The autistic child in dental practice. Kopel, H.M. 95
Checking for proper installation of anesthetic equipment. DeVore, D.T. 299
Exposure to anesthetic waste gas. Campbell, R.L. 177
Transmission of bacteria by N_2O equipment. Hunt, L.M. 191
A whistle for anesthetic machines. Wright, B.M. 130
Administration & dosage
Conscious sedation. Bennett, C.R. 594
Adverse effects
Crying on the inside. 455
Hematologic reaction to nitrous oxide exposure. Kripke, B.J. 109
Potential hazards of N_2O. Feigal, R.J. 212
Administration & dosage
Nitrous oxide administration for handicapped children. Wald, C. 317
Sone-aural dentistry. Silberstein, C.M. 315
NOISE
Noise levels and teratism. 433
Quiet, please. 58
NOISE, OCCUPATIONAL
Hearing loss among dentists. Roberts, M.E. 551
Tinnitus possibly related to use of air-driven handpiece. Gullikson, J.S. 639
NOMENCLATURE
Terminating the use of "terminal". 174
NOSE
Palatal erosion caused by foreign body in nose. Utrata J. 34
NURSING HOMES
Dental care in nursing homes. Latt, B. 499
Dental health of nursing home residents. Bagramian, R.A. 158
Marking nursing home residents' dentures. Avery, K.T. 157
New projects at the schools. 7
Oral health of elderly institutionalized patients. Mäkilä, E. 127
NUTRITION
New projects at the schools. 6
Nutribird says. 59
Nutrition. 394
Nutrition and prosthodontics. Swoope, C.C. 154
Nutrition education. Odom, J.G. 180
Nutrition in dental assisting programs. Roth, R.C. 521
Nutrition information, sound and unsound. 449
Nutritional quackery. Jarvis, W.T. 247
NUTRITIONAL REQUIREMENTS
Our national nutrition policy. 302

O

OBESITY
Maxillomandibular fixation for weight reduction. Wood, G.D. 88
OCCLUSIVE DRESSINGS
Effect of occlusive dressing on extraction wounds. Hindle, M.O. 428
OCCUPATIONAL DISEASES
Air pollution in the dental office. Miller, R.L. 638
Hearing loss among dentists. Roberts, M.E. 551
Tinnitus possibly related to use of air-driven handpiece. Gullikson, J.S. 639
Transmission of hepatitis. Hribar, D.L. 433
Viral hepatitis. Pollock, A. 595
OCCUPATIONS
After the heart attack. 115
OCULOMOTOR NERVE
Changes in axons and neurons after pulp extirpations. Gobel, S. 445
ODONTOGENIC CYSTS
Calcified odontoma. Hayward, J.R. 251
Odontogenic cysts in West Malaysia. Rengaswamy, V. 423
ODONTOGENIC TUMOR
Pindborg tumor. Wertheimer, F.W. 423
ODONTOMA
Calcified odontoma. Hayward, J.R. 251
ODONTOMETRY
Dental sexual dimorphism in canines. Moss, M.L. 66
Relation between tooth and long-bone size. Lavelle, C.L. 66
OPERATING ROOMS
Halothane. Van Dyke, R.A. 518
Halothane—a new perspective. Van Dyke, R.A. 458
ORAL HEALTH
"Mouthless" medical schools. Sognnaes, R.F. 120
New projects at the schools. 6
ORAL HYGIENE
An autotutorial system for patient education. Brusch, W.A. 442
Behavioristic approach to oral hygiene. White, L.W. 261
Caries and snacks. Salter, A.J. 407
Dental health of nursing home residents. Bagramian, R.A. 158
Effects of a chlorhexidine gel on plaque and gingivitis in children. Hoyos, D.F. 40
Iatrogenic damage. Zachrisson, B.U. 312
Inflammatory papillary hyperplasia in patients with dentures. Bauman, R. 45
Internal-external personalities and plaque score. Ayer, W.A. 84
Oral hygiene and dental health. Ripa, L.W. 306
Periodontal disease and occlusion. 337
Periodontal surgery in plaque-infected dentitions. Nyman, S. 318
Prevention demonstration program. 113
Prevention—the need for a change in attitude. Fleming, W.J. 606
Provisional splinting. Goodman, J.M. 267
Publication notes. 507
Removable partial dentures and oral health. Dail, R.A. 320
A school dental health program in a nonfluoridated community. McKee, D.P. 440
"Smiles". 286
Stomatitis and cancer chemotherapy. Krutchik, A.N. 374
Teaching dental health to the blind. Schnuth, M.L. 305
Treatment of rampant caries. Zeuner, E. 138
Methods
Diagnosis and treatment of periodontal lesions. Keyes, P.H. 435
Plaque control. Strahan, J.D. 586
ORAL IRRIGATION
Bacteremia related to use of oral irrigation device. Kaplan, E.L. 34
Effect of lavage on osteitis. Butler, D.P. 197
Endocarditis associated with use of an oral irrigation device. Drapkin, M.S. 33
Use of mouthwash in an irrigating device. Derdivanis, J.P. 532
ORAL MANIFESTATIONS
The leukemias. Pollack, A. 94
Oral manifestations of chemotherapy. Bottomley, W.K. 177
Oral symptoms of endocrine dysfunction. Yudkowsky, E.B. 597
Systemic disorders imitating pulpal disease. Patterson, S.S. 541
ORGANIZATION AND ADMINISTRATION
American Fund for Dental Health. 566
OROANTRAL FISTULA
Endo-antral syndrome. Selden, H.S. 411
Use of a lingual flap after partial maxillectomy. Siegel, E.B. 198
OROPHARYX
Resection and radiation in the control of oral cancer. Chu, W. 473
ORTHODONTIC APPLIANCES
Approach of the Kingston Hospital to edgewise orthodontic treatment. Orton, H.S. 203
Bracket debonding. Weisser, J.I. 91
Debonding. Gwinnett, A.J. 91
Direct bonding of metal brackets. Gorelick, L. 76
Indirect bonding of orthodontic attachments. Moin, K. 89
A modified ligation chain for impacted canines. Ziegler, T.F. 430
Nitinol wire. 2
Nitinol wire analyzed. Andreasen, G.F. 471
Orthodontic band retention. Mizrahi, E. 89, 92
Orthodontic elastics. Bales, T.R. 203
Psychological readiness for orthodontic treatment. Weiss, J. 201
Residual adhesive on teeth after bracket removal. Caspersen, I. 30
Sterilization of instruments. Thompson, R.P. 313
An ultraviolet photographic technique for monitoring plaque. Gwinnett, A.J. 548
ORTHODONTIC APPLIANCES, REMOVABLE
Simplified biteguard fabrication. Okeson, J.P. 305
ORTHODONTICS
Economics of orthodontic practice. Gottlieb, E.L. 43
New projects at the schools. 7
Orthodontic office design. Hamula, W. 379
Population and professional prospects. Dewel, B.V. 42
Sterilization of instruments. Thompson, R.P. 313
ORTHODONTICS, CORRECTIVE
Approach of the Kingston Hospital to edgewise orthodontic treatment. Orton, H.S. 203
A balanced smile. Janzen, E.K. 313
Behavioristic approach to oral hygiene. White, L.W. 261
The child with cleft lip and palate. Lubit, E.C. 429
A docile orthodontic patient. 230
The effect of Begg treatment on the lower labial segment. Edler, R.J. 20[illegible]
Fractured incisors. Janzen, E.K. 430
A modified ligation chain for impacted canines. Ziegler, T.F. 430
Movement of a metal implant. Wigglesworth, S.W. 313
Orthodontic treatment for adults. Barrer, H.G. 431
Preprosthodontic treatment. Lang, N.P. 155
Psychological readiness for orthodontic treatment. Weiss, J. 201
Results with the Begg technique. Levin, R.I. 143
Treating gingival recession in children. Boyd, R.L. 486
Treatment of severe mandibular retrognathism. McNeill, R.W. 593
Adverse Effects
Changes in pulp and dentin from orthodontic forces. Ueki, K. 51
Effect of orthodontic tilting on periodontal tissues. Ericsson, I. 332
Iatrogenic damage. Zachrisson, B.U. 312
ORTHODONTICS, INTERCEPTIVE
Interception of malocclusion in the deciduous dentition. Grosfeld, O. 592
ORTHODONTICS, PREVENTIVE
Lip habits. Barber, T.K. 371

Third-molar eruption after loss of second molars. Huggins, D.G. 593
Unilateral extraction of deciduous molars. Rönnerman, A. 29
OSTEOMA
Treatment of mandibular osteomas. Weinberg, S. 252
OSTEOMYELITIS
Hyperbaric oxygen treatment of mandibular osteomyelitis. Goupil, M.T. 536
Osteomyelitis of the mandible. Sanders, B. 632
Resection and reconstruction in cases of mandibular osteomyelitis. Obwegeser, H.L. 481
Surgical treatment of chronic osteomyelitis. Nakajima, T. 420
OSTEONECROSIS
Complications of herpes zoster. Cooper, J.C. 363
OSTEORADIONECROSIS
Dental care for the patient receiving radiation therapy. Daly, T.E. 192
OSTEOSCLEROSIS
Dentin dysplasia. Morris, M.E. 85
OSTEOTOMY
Bone graft augmentation of the atrophic mandible. Stoelinga, P.J. 429
Ceramic augmentation of the mandible. Bunte, M. 366
Correction of relapsed mandibular prognathism. DiStefano, J.F. 484
Maxillary osteotomy for facial deformities. Bruce, R.A. 590
Periapical condition of teeth after correction of prognathism. Ridell, A. 425
Relapse after sagittal split osteotomy. Phillips, R.M. 427
Sagittal split osteotomy for retrognathia. Broadbent, T.R. 424
Treatment of severe mandibular retrognathism. McNeill, R.W. 593
OUTPATIENT CARE *see* AMBULATORY CARE
OWNERSHIP
Who owns the waiting room? 380
OXYGEN
Checking for proper installation of anesthetic equipment. DeVore, D.T. 299
The dental implications of sickle-cell anemia. Scopp, I.W. 489
A whistle for anesthetic machines. Wright, B.M. 130

P

PACEMAKER, ARTIFICIAL
Dental care for patients with cardiac pacemakers. Razai, F.R. 304
PAIN
Pain associated with maxillary bone cavities. Ratner, E.J. 262
Drug therapy
Evaluation of heroin in control of cancer pain. Holden, C. 205
Diagnosis
Use of anesthesia for pain evaluation. Racey, G.L. 488
Physiopathology
Central pain mechanisms. De Jong, R.H. 487
Effect of naloxone on human pain and mood. Grevert, P. 369
Lack of localized analgesia with acupuncture treatment. Lynn, B. 345
Raising the pain threshold with electroacupuncture. Janhunen, M.-P. 344
Research in pain sensation. 93
Trigger points and acupuncture points. Melzack, R. 369
Psychology
Characteristics of women with long-term TMJ pain. Gale, E.N. 633
Conditions related to distress in the dental situation. Hentschel, U. 262
Therapy
Behavioral management of pain. 59
Hypnosis. Holden, C. 206
Pain relief through hypnosis. 393
PAIN, POSTOPERATIVE
Analgesic action of ibuprofen for postoperative pain. Winter, L., Jr. 487
Anti-inflammatory agents used as analgesics. Dionne, R. 315
A clinical comparison of aspirin and ibuprofen. Cooper, S.A. 264
Floctafenine vs dihydrocodeine for postoperative jaw pain. Walker, J.E. 211
PALATAL EXPANSION TECHNIQUE
Changes in interdental distance with rapid maxillary expansion. Gryson, J.A. 144
Slow maxillary expansion. Cotton, L.A. 388
Slow maxillary expansion. Hicks, E.P. 485
PALATAL NEOPLASMS
Pathosis of the hard and soft palates. Nelson, J.F. 596
PALATE
Denture stomatitis. Kotilainen, R. 421
Devices for stroke victims. Selley, W.G. 496
Grafting for immediate vestibular extension. Sanders, B. 255
Influence of ethnic background on incidence of palatal exostosis. Nery, E.B. 219
Necrotizing sialometaplasia. Hovinga, J. 422
Palatal erosion caused by foreign body in nose. Utrata, J. 34
Paralyzed palate. 2
Pathosis of the hard and soft palates. Nelson, J.F. 596
V-Y repair of cleft palate. 8
PALEODONTOLOGY
Age determination by amino acid racemization of a preserved premolar. Masters, P.M. 623
Ancient technologies. 450
Autopsy of an Egyptian mummy. Hart, G.D. 121
Dental disease in ancient Peru. 57
Diet of extinct mammals as indicated by microwear on teeth. Walker, A. 623
Enamel prism patterns in hominoids. Gantt, D.G. 121
Influence of ethnic background on incidence of palatal exostosis. Nery, E.B. 219
Swallowtail form of tooth mutilation. van Reenen, J.F. 571
PALEOPATHOLOGY
Autopsy of an Egyptian mummy. Hart, G.D. 121
PARABENS
Sensitivity to local anesthetics. Larson, C.E. 13
PARAFORMALDEHYDE
Paresthesia from N2 or N2 substitute. Grossman, L.I. 293
PARALYSIS
Dangers of trampolines. 114
Paralyzed palate. 2
PARAPSYCHOLOGY
Research in ESP. 561
PARATHYROID HORMONES
Oral symptoms of endocrine dysfunction. Yudkowsky, E.B. 597
PARENT-CHILD RELATIONS *see also* MOTHER-CHILD RELATIONS
Effect of parent's presence on child's reaction to dental visit. Venham, L.L. 625
PARESTHESIA
Paresthesia from N2 or N2 substitute. Grossman, L.I. 293
Trigeminal neuralgia. 200; Comment. Freeman, A.G. 200
PAROTID GLAND
TMJ symptoms and parotid gland disorders. Jagger, R.G. 631
PAROTID NEOPLASMS
Cancer detection. Gobetti, J.P. 246
PATENTS
Scientific credit for the laser. 58
PATHOLOGY
Torture and the health professions. Gellhorn, A. 638
PATIENT ACCEPTANCE OF HEALTH CARE
Cultural response to dental care. Gift, H.C. 347
Effective case presentation. Fishman, S.R. 360
PATIENT ADVOCACY
Who owns the waiting room? 380
PATIENT CARE PLANNING
Establishing a treatment plan for the periodontal patient. Chasens, A.I. 491
Mapping facial contours. 506
PATIENT CARE TEAM
Health care team includes dentist. 230
PATIENT COMPLIANCE
Appointment-keeping behavior. Stamps, P.L. 347
Preschoolers and the dentist. McIver, F.T. 209
Psychological readiness for orthodontic treatment. Weiss, J. 201
Quality of dental care as a factor of dentists' perception of patient. Weinstein, P. 403
Recent legal decisions: their effects on dentists. Gamer, S. 324
PATIENT CREDIT AND COLLECTION
A written credit policy. Biggs, J.T. 604
PATIENT ISOLATION
Risk of hepatitis B. Galambos, J.T. 596
PATIENT POSITION
Hazards of modern dental equipment. 80
Is the supine position safe? Levin, H.A. 66
PATIENT RIGHTS *see* PATIENT ADVOCACY
PEDODONTICS *see also under* CHILD
The autistic child in dental practice. Kopel, H.M. 95
Effect of parent's presence on child's reaction to dental visit. Venham, L.L. 625

Endodontic sealing materials. 242
Healing of pulpitis. Lervik, T. 301
A mineralizing solution to increase tensile bond strength. Levine, R.S. 333
Strength of periodontal splints. Compton, F.H. 149
POLYETHER ELASTOMERS
Elastomeric impression materials: tear strength. Herfort, T.W. 353
POLYGLYCOLIC ACID
Osteogenic potential of biodegradable substances. Nelson, J.F. 52
POLYSULFIDE ELASTOMERS
Elastomeric impression materials: tear strength. Herfort, T.W. 353
POLYTETRAFLUOROETHYLENE
Genioplasty with Proplast. Dann, J.J. 87
POPULATION
Population and professional prospects. Dewel, B.V. 42

POST AND CORE TECHNIQUE
A direct technique for post-core castings. Metrick, L. 79
Immediate dowel space preparation of endodontically filled teeth. Schnell, F.J. 464
Post and core designs used for endodontically treated teeth. Antonoff, S.J. 418
Preparation for post-core restorations. Gutmann, J.L. 238
Provisional coronal sealing. Samani, S.I. 412
Retention of various types of dowels. Kurer, H.G. 520
Semiprecious alloys used for dowels and cores. Dale, J.W. 243
Use of composite materials in core restorations. Schmidt, D. 182
POSTOPERATIVE COMPLICATIONS
Controlling postoperative inflammation with trypsin. Kaplan, L.B. 365
POSTURE
Dentoalveolar morphology and craniocervical posture. Solow, B. 202
The importance of correct mandibular posture. Stoll, V. 201
POTASSIUM NITRATE
Desensitizing agents for root surfaces. Green, B.L. 218
POVERTY
"Health of the disadvantaged". 118
POVIDONE-IODINE
Effects of povidone-iodine mouthwash. Ferguson, M.M. 601
Effect of povidone iodine on plaque development. Addy, M. 270
PRACTICE MANAGEMENT, DENTAL
Appraisal of dentist performance. Isman, R. 159
Auxiliaries per dentist. 174
Auxiliary utilization. 394
Management by objectives. Hardigan, J.E. 378
Maximum use of auxiliary personnel. Obuhoff, O.N. 519
Office computer systems. Sheofsky, R.M. 639
Staff evaluation. Biggs, J.T. 605
Education
Continuing education in TEAM. Cohen, L.A. 522
TEAM in New York University. Hirsch, S.M. 181
University of Oklahoma TEAM program. Biggs, J.T. 181
PREANESTHETIC MEDICATION
Intravenous sedation. Gelfman, S.S. 590
Intravenous sedation for periodontal surgery. Cohen, C.I. 594
PRECANCEROUS CONDITIONS
Diagnosis of early asymptomatic oral squamous carcinoma. Mashberg, A. 20; Comments. Koufman, J.A. 21; Phelps, H.M. 21
Oral lichen planus. Krutchkoff, D.J. 420
Oral melanotic macules. Page, L.R. 200
The risk of carcinoma in sublingual keratosis. Kramer, I.R. 535
PREGNANCY
Effect of prenatal ingestion of fluoride. Glenn, F.B. 126
Stay out of the sauna, mother-to-be. 506
Teeth of calcium-deprived rats. Rasmussen, P. 49
PREGNANCY COMPLICATIONS
Gingivitis in pregnancy. Chaikin, B.S. 149
A pregnancy tumor. Meister, F., Jr. 534
PREGNANCY TESTS
Congenital abnormalities and maternal drug histories. Greenberg, G. 270
PREMEDICATION
The autistic child in dental practice. Kopel, H.M. 95
Oral premedication. Galletta, J. 542
Sedation of the child patient. Myers, D.R. 402
PREMOLAR
Macrodontia. Reichart, P.A. 255
Prediction of breadth of canines and premolars. Ingervall, B. 539
PRENATAL CARE
A preventive program for the infant. Sanger, R.G. 214
PREPAID DENTAL CARE
Dental care programs offered by HMOs. Coleman, J.R. 105
Dental insurance benefits. Schmitt, C.K. 101
PRESCRIPTIONS, DRUG
Use of prescription drugs. Dunea, G. 100
PREVENTIVE DENTISTRY
American Fund for Dental Health. 113
Caries reduction in schoolchildren: four-year results in Michigan. Bagramian, R.A. 606
Community oral health managers. Bowen, P.L. 440
Dental health education in community programs. Frazier, P.J. 609
Have we gone too far? Haeseler, G.A. 321
Periodontal disease in black Africa. Grappin, G. 527
Prevention demonstration program. 113
Preventive endodontics in maintenance of teeth. Grossman, L.I. 463
Preventive maintenance after periodontal therapy. Goodman, S.F. 438
A preventive program for the infant. Sanger, R.G. 214
Publications. 617
School-based dental care. Jenny, J. 441
The semiannual dental examination. Sheiham, A. 46; Comment. Beal, J.F. 46; Geddes, A.A. 46
The WHO oral health program. Barmes, D.E. 578
History
American dentistry from 1790 to 1840. Charles, A.D. 184
American pedodontics. Kauffman, J.H. 185
Trends
Current and future prevention possibilities. Silverstone. L.M. 405
PREVENTIVE MEDICINE
The failure of preventive medicine. Gray, J.A. 213
PRILOCAINE
Which local anesthetic? 623
PRIMARY HEALTH CARE
Health care team includes dentist. 230
PRIVATE PRACTICE
Expanded duty assistants in solo private practice. Douglass, C.W. 14
PROFESSIONAL STANDARDS REVIEW ORGANIZATIONS
A PSRO that works. 282
PROGNATHISM
Correction of relapsed mandibular prognathism. DiStefano, J.F. 484
Facial characteristics of the Spanish Habsburgs. Hodge, G.P. 64
Hyoid changes after treatment of mandibular prognathism. Graber, L.W. 538
Periapical condition of teeth after correction of prognathism. Ridell, A. 425
Surgical treatment of cleft palate in an adult. Pedersen, G.W. 256
PROGRAMMED INSTRUCTION
An autotutorial system for patient education. Brusch, W.A. 442
PROMAZINE
Intravenous sedation for mentally retarded patients. Carrel, R. 12
PROMETHAZINE
Sedation of the child patient. Myers, D.R. 402
PROPLAST *see* POLYTETRAFLUOROETHYLENE
PROPOXYPHENE
Non-narcotic analgesics. Ciancio, S.B. 374
PROSTHESIS
Skin color and texture in prostheses for Negro patients. Aina, T.O. 382
PROSTHODONTICS
New projects at the schools. 7
Overdentures and swing-lock partial dentures. Renner, R.P. 237
Publication notes. 507
Student participation in laboratory procedures. Weintraub, G.S. 573
PROTEASES *see* PEPTIDE HYDROLASES
PROTECTIVE DEVICES
Reduction of mercury vapor. Wilson, J. 359
PSYCHOLOGY
As others see us. 506
A behavioral course for dental students. Seime, R.J. 237
Establishing rapport with a patient. Desai, S. 383
A planned working environment. Schneider, W. 551
PSYCHOPHYSIOLOGIC DISORDERS
Emotions and health. 281
Etiologies of myofascial pain dysfunction syndrome. Sharav, Y. 205
Stress and oral disease. Steinberg, A.D. 214
PSYCHOTHERAPY
TMJ disorders. Guralnick, W. 533
Thumbsucking. Mairesse, A.M. 208
PUBLIC HEALTH DENTISTRY
Civilian dental hygienists with the Army. Cheatham, J.L. 460
Health planning strategies. Sinkford, J.C. 160
Periodontal disease in black Africa. Grappin, G. 527
Television in dental health education. Smith, N.J. 124
PUBLIC OPINION
Antifluoridation initiatives. Evans, C.A., Jr. 386
Attitudes toward scientists. 609
What the public thinks. 339
PUBLICATIONS
Publications. 617
Some new publications. 454
PUBLISHING
Weighing medical knowledge. 395
PULPECTOMY
Changes in axons and neurons after pulp extirpations. Gobel, S. 445
Root canal walls after extirpation of pulp. Sharkey, S.W. 295
PULPITIS
Categories of pulpal pain. Levitan, L.J. 574
Effect of inflammation on lymphatic drainage of pulps. Bernick, S. 162
Healing of pulpitis. Lervik, T. 301
Study of extirpated pulp. Matsui, H. 16
PULPOTOMY
Cresatin with calcium hydroxide: effect on the dental pulp. Citron, C.I. 98
Healing after pulpotomy. Chen, C.-H. 558
PULSE
Response to epinephrine retraction cord. Pelzner, R.B. 547
PURPURA, THROMBOTIC THROMBOPENIC
Thrombotic thrombocytopenic purpura. Fox, P.C. 254
PYRUVIC ACID
Effect of pyruvic acid on pulp. Retief, D.H. 219

Q

QUACKERY
Nutritonal quackery. Jarvis, W.T. 247
QUALITY OF HEALTH CARE
Appraisal of dentist performance. Isman, R. 159
Cost of quality assurance systems. 455
Peer review vs self-assessment. Milgrom, P. 608
Quality of dental care as a factor of dentists' perception of patient. Weinstein, P. 403
Retaining patients at dental school clinics. Doxsee, F.R. 626
QUALITY OF LIFE
Dental pain as an index of the quality of life. Miller, J. 642
QUESTIONNAIRES
Methods for detecting mandibular dysfunction. Rieder, C.E. 251
Use of a medical questionnaire for dental patients. Eggleston, D.J. 150

R

RADIATION DOSAGE
Radiation protection. Alcox, R.W. 643
Reduction in X-ray exposure. 282
RADIATION INJURIES
Dental care for the patient receiving radiation therapy. Daly, T.E. 192
Effect of cobalt-60 irradiation on human dental enamel. Shannon, I.L. 502
Management of the irradiated patient. Fretwell, D.L. 359
A saliva substitute for irradiated patients. Shannon, I.L. 494
The war on cancer. Montgomery, B.J. 499
RADIATION PROTECTION
Radiation protection. Alcox, R.W. 643
Radiation protection. Smith, N.J. 501
Radiation safety. Benhuri, M.N. 388
A shield for radiographic film. Hirschfeld, L. 610
RADICULAR CYST
Odontogenic cysts in West Malaysia. Rengaswamy, V. 423
RADIOBIOLOGY
Ban on monkey export. Wade, N. 275
RADIOGRAPHY
Metal bone implant for postsurgical evaluation. Robinson, M. 26
Radiation protection. Smith, N.J. 501
Radiographic technique for detecting internal defects in castings. Pascoe, D.F. 497
Reduction in X-ray exposure. 282
Tomorrow's X-ray machine? 115
RADIOGRAPHY, DENTAL

Caries detection. Hotz, P. 107
Duplication of radiographs. Reid, J.A. 161
Panoramic vs intraoral radiographs. Stephens, R.G. 107
Prediction of breadth of canines and premolars. Ingervall, B. 539
Radiation protection. Alcox, R.W. 643
Radiation safety. Benhuri, M.N. 388
Radiographs and third-party payments. Ruprecht, A. 49
The use of radiography in children. White, G.E. 208
Xeroradiography examination of the jaws and teeth. Snyder, M.B. 160
Instrumentation
Automatic film processing. Thunthy, K.H. 330
Care and maintenance of automatic processors. Fortier, A.P. 329
Radiography with a short extension tube. Reid, J.A. 217
A shield for radiographic film. Hirschfeld, L. 610
Tomorrow's X-ray machine? 115
Use of beam-guiding instruments. Jensen, T.W. 555
The XR-10 intensifier in dental radiography. Manson-Hing, L.R. 330
Methods
Device to quantitate alveolar bone loss. Weiss, M.B. 186
Panoramic surveys and periapical radiographs. Davis, E. 331
RADIOGRAPHY, PANORAMIC
Location of the maxillary mucogingival junction in orthopantomograms. Ainamo, A. 48
Panoramic surveys and periapical radiographs. Davis, E. 331
Panoramic vs intraoral radiographs. Stephens, R.G. 107
Xeroradiography examination of the jaws and teeth. Snyder, M.B. 160
RADIOPAQUE MEDIA *see* CONTRAST MEDIA
RADIOTHERAPY
Combined Ca therapy fails. 505
Dental care for the patient receiving radiation therapy. Daly, T.E. 192
Mandibular hypertrophy after irradiation. Shelton, D.W. 26
Radiotherapy of cancer in hyperbaric oxygen–2. Henk, J.M. 78
RAMSAY HUNT SYNDROME *see* CEREBELLAR DYSSYNERGIA
RELAXATION TECHNIQUES
Relaxation dispels anxiety. 281
Relaxation techniques for use with anxious patients. Wolfe, G.R. 215

Treatment of hepatitis B. Gunby, P. 493
Use of ECG monitor and electrical defibrillator. Shane, S.M. 401
RETIREMENT
Attitudes of physicians about retirement. 113
RETROGNATHISM
Relapse after sagittal split osteotomy. Phillips, R.M. 427
Sagittal split osteotomy for retrognathia. Broadbent, T.R. 424
Treatment of severe mandibular retrognathism. McNeill, R.W. 593
RETROGRADE OBTURATION
Comparative sealability of different retrofilling materials. Delivanis, P. 470
RHINOVIRUSES
Self-control and the common cold. Cate, T.R. 387
Transmission of colds. Gwaltney, J.M., Jr. 383
RIBS
Resection and reconstruction in cases of mandibular osteomyelitis. Obwegeser, H.L. 481
Resorption of mandibular graft. Ridley, M.T. 633
ROBERT WOOD JOHNSON FOUNDATION
Access to medical care. 170
Prevention demonstration program. 113
ROOT CANAL FILLING MATERIALS
Antimicrobial effects of N2. Broisman, H. 411
Calcium hydroxide to induce root calcification. Arens, D.E. 410
Comparative sealability of different retrofilling materials. Delivanis, P. 470
Composition of gutta-percha endodontic filling materials. Friedman, C.E. 128
Effect of pulp canal sealer on immune response. Block, R.M. 559
Endodontic sealing materials. 242
Maxillary sinusitis caused by a gutta-percha point. Minkow, B. 257
Paresthesia from N2 or N2 substitute. Grossman, L.I. 293
ROOT CANAL IRRIGATION
Effectiveness of root canal irrigation. Ram, Z. 126
Electron microscopy for root canal preparation. Lester, K.S. 464
Penetration of irrigating solution in root canals. Salzgeber, R.M. 182
Vascular leakage of endodontic medicaments. Spangberg, L. 238
ROOT CANAL MEDICAMENTS
Analysis of clinical toxicity of endodontic irritants. Harrison, J.W. 294
Antimicrobial activity of endodontic medicament vapors. Ellerbruch, E.S. 78
Changes in surface hardness of temporary cements. Olmsted, J.S. 411
Effect of NaOCl on vital pulp tissue. Rosenfeld, E.F. 574
Effectiveness of two irrigating solutions. Svec, T.A. 69
Inhibiting corrosive effect of sodium hypochlorite on instruments. Oliet, S. 294
Necrotic tissue dissolution by sodium hypochlorite. Hand, R.E. 557
ROOT CANAL OBTURATION *see also* RETROGRADE OBTURATION
Biologic response to submergence of roots. O'Neal, R.B. 613
Immediate dowel space preparation of endodontically filled teeth. Schnell, F.J. 464
Use of lumbar puncture needles as amalgam carriers. Thomas, F.D. 295
ROOT CANAL THERAPY
Electron microscopy for root canal preparation. Lester, K.S. 464
Endodontic treatment and the overdenture. Armstrong, R.L. 44
Focal infection. Ehrmann, E.H. 183
Methods of evaluating canal debridement. Dupont, A.A. 69
Preparation for post-core restorations. Gutmann, J.L. 238
Rapid internal resorption. Ruprecht, A. 239
Root canal walls after extirpation of pulp. Sharkey, S.W. 295
A successful technique for bleaching teeth. Bonomo, E.C. 194
Treatment of dilated dens invaginatus. Cole, G.M. 523
Adverse effects
Bacteremias related to endodontic surgery. Baumgartner, J.C. 183
Instrumentation
Evaluation of endodontic instruments. Segall, R.O. 188
Methods
Calcium hydroxide to induce root calcification. Arens, D.E. 410
Provisional coronal sealing. Samani, S.I. 412
ROOT RESORPTION
Histologic response of replanted pretreated teeth. Barbakow, F.H. 503
Iatrogenic damage. Zachrisson, B.U. 312
Internal root resorption. Kaufman, A.Y. 16
Periapical condition of teeth after correction of prognathism. Ridell, A. 425
Periodontal disease and occlusion. 337
Rapid internal resorption. Ruprecht, A. 239
The role of cementum in periodontal disease. Emslie, R.D. 545
Use of an endodontic implant in a mobile primary molar. Lafkowitz, P.M. 15
ROSA
Eruption of deciduous teeth. Nystrom, M. 490
RUBBER
Orthodontic elastics. Bales, T.R. 203
RUNNING
Heat stroke in a marathon. Nicholson, M.R. 543
RURAL HEALTH
Meanwhile, back on the farm. 171
RURAL DENTISTRY
Rural dentistry. 451

Electron microscopy for root canal preparation. Lester, K.S. 464
Inhibiting corrosive effect of sodium hypochlorite on instruments. Oliet, S. 294
Necrotic tissue dissolution by sodium hypochlorite. Hand, R.E. 557
Adverse effects
Vascular leakage of endodontic medicaments. Spangberg, L. 238
Pharmacodynamics
Effect of NaOCl on vital pulp tissue. Rosenfeld, E.F. 574
Toxicity
Analysis of clinical toxicity of endodontic irritants. Harrison, J.W. 294
SOLDERING, DENTAL
Two portable wax spatulas. Neiburger, E.J. 469
SOLVENTS
Effect of NaOCl on vital pulp tissue. Rosenfeld, E.F. 574
SOMATOTROPIN
Oral symptoms of endocrine dysfunction. Yudkowsky, E.B. 597
SORBITOL
Cariogenicity of sucrose substitutes. Satin, E. 572
Chewing gum diarrhea. Goldberg, L.D. 489
Effect of chewing gum on plaque control. Ainamo, J. 108
SORBOSE
Effect of sorbose on plaque. Muhlemann, H.R. 445
SOUND
Pain experienced during prophylaxis. Schklair, E. 487
SPACE FLIGHT
The laboratory of outer space. 226
SPECIALTIES, DENTAL
Anesthesiology as a dental specialty. Laskin, D.M. 324
Browsing through the index. 170
SPECIES SPECIFICITY
Species determination from tooth fragments. Whittaker, D.K. 526
SPEECH
Influence of immediate dentures on oral motor skill and speech. Chierici, G. 327
Prosthodontic treatment of patients with cleft palate. Dalston, R.M. 156
SPEECH DISORDERS
The child with cleft lip and palate. Lubit, E.C. 429
Dentistry and speech dysfunctions. Pinsky, T.M. 361
Devices for stroke victims. Selley, W.G. 496
V-Y repair of cleft palate. 8
SPEECH THERAPY
Dentistry and speech dysfunctions. Pinsky, T.M. 361
SPICES
Drugs in the news. 2
SPINAL CORD INJURIES
Central pain mechanisms. De Jong, R.H. 487
Dangers of trampolines. 114
SPLENOMEGALY
Activity of dental plaque. Okuda, K. 334

SPLINTS
An adhesive retainer for segmental alveolar surgery. Feinberg, S.E. 300
Bonding in minor tooth movement. Geiger, A.M. 260
Electrical burns of the lips. Wright, G.Z. 265
Grafting for immediate vestibular extension. Sanders, B. 255
Vertical fracture of crown and root. Michanowicz, A.E. 634
SPLINTS, PERIODONTAL
An amalgam splint for posterior teeth. Pollack, R.P. 320
The biological rationale for splinting of teeth. Lindhe, J. 436
A modified amalgam splint. Moloff, R.L. 437
Overdentures and swing-lock partial dentures. Renner, R.P. 237
Pin-retained composites for splinting lower anterior teeth. Schnepper, H.E. 475
Provisional splinting. Goodman, J.M. 267
Stabilizing periodontally involved teeth. Dale, J.W. 267
Strength of periodontal splints. Compton, F.H. 149
SPORTS
Getting (staying) fit through exercise. 338
SPRUE
Aphthous lesions and folic acid deficiency. Sapiro, S.M. 253
STAINLESS STEEL
Effects of cleansers on metal components of dentures. Backenstose, W.M. 38
Nitinol wire analyzed. Andreasen, G.F. 471
STAINS AND STAINING
Diagnosis of early asymptomatic oral squamous carcinoma. Mashberg, A. 20; Comments. Koufman, J.A. 21; Phelps, H.M. 21
Plaque-staining with dyes. Gillings, B.R. 322
Surface characterization of temporary restorations. Cleveland, J.L. 103
STAPHYLOCOCCAL INFECTIONS
Hyperbaric oxygen treatment of mandibular osteomyelitis. Goupil, M.T. 536
Stomatitis in a burned child. Lerman, R.L. 209
Tooth wounds in the fist. 30
STATE MEDICINE
The British National Health Service. 567
STATISTICS
Fluoridation and cancer. 413
Fluoridation and mortality rates. Erickson, J.D. 398
STERILIZATION
Mercury vapor from sterilizers. Rothwell, P.S. 21
Mercury vapor hazards from sterilizers. Smart, E.R. 81; Author's reply, Rothwell, P.S. 82
Sterilization of instruments. Thompson, R.P. 313
Transmission of hepatitis. Hribar, D.L. 433
STOMACH DISEASES
Accumulation of enteric-coated aspirin in the stomach. Sogge, M.R. 322
STOMACH ULCER
Take two aspirins (and cimetadine). 505
STOMATITIS
Maintaining oral health during chemotherapy for cancer. Lindquist, S.F. 247
Stomatitis and cancer chemotherapy. Krutchik, A.N. 374
Stomatitis in a burned child. Lerman, R.L. 209
STOMATITIS, APHTHOUS
Aphthous lesions and folic acid deficiency. Sapiro, S.M. 253
Betamethasone treatment of recurrent oral ulceration. Yeoman, C.M. 492
Causes of oral ulcers. 62
Levamisole in treatment of aphthous stomatitis. Carvalho, C.A. 40
Levamisole treatment for RAS. De Cree, J. 601
STOMATITIS, DENTURE
Denture stomatitis. Kotilainen, R. 421
Inflammatory papillary hyperplasia in patients with dentures. Bauman, R. 45
STREPTOCOCCAL INFECTIONS
Hyperbaric oxygen treatment of mandibular osteomyelitis. Goupil, M.T. 536
Stomatitis in a burned child. Lerman, R.L. 209
STREPTOCOCCUS
Penicillin resistant organisms in children with cardiac disease. Elliott, R.H. 77
STREPTOCOCCUS MUTANS
Bacteriological monitoring in secondary prevention and management. Tanzer, J.M. 514
Caries immunization in rhesus monkeys. Lehner, T. 221
Microbiologic predictors of caries. Klock, B. 512
Similarity of oral bacteria in various geographic areas. Kelstrup, J. 355
Two-year results in study of plaque and caries. Hardie, J.M. 356
Drug effects
Alteration of bacterial adherence to hydroxyapatite. Liljemark, W.F. 629
Antimicrobial effects of N2. Broisman, H. 411
Immunology
Induction of immune response by bacterial antigen ingestion. Mestecky, J. 447
STREPTOCOCCUS SANGUIS
Alteration of bacterial adherence to hydroxyapatite. Liljemark, W.F. 629
Bacteriological monitoring in secondary prevention and management. Tanzer, J.M. 514
STRESS
Dental asymmetry in Japanese children. DiBennardo, R. 317
STRESS, PSYCHOLOGICAL
Acute necrotizing ulcerative gingivitis. Shields, W.D. 139
Amiable Al/Alice and other patient-types. 451
As others see us. 506
Etiologies of myofascial pain dysfunction syndrome. Sharav, Y. 205
How stress leads to TMJ pain. Weinberg, L.A. 145
Meetings. 454

Etiologies of myofascial pain dysfunction syndrome. Sharav, Y. 205
Myofascial pain dysfunction syndrome following trauma. Brooke, R.I. 624
The pain comes first. 394
Therapy
Biofeedback in treatment of MPD syndrome. Clarke, N.G. 206
Headaches and MPD syndrome. Brodie, R. 254
Management of TMJ dysfunction. Smith, S.D. 589
Occlusal adjustment for balanced occlusions. McNamara, D.C. 273
Temporomandibular joint dysfunction. Somers, N. 480
Use of the Myo-monitor to treat MPD syndrome. Wessburg, G.A. 205
TERATOGENS
Teratogenic potential of anticonvulsant drugs. Zablen, M. 308
TETRACAINE
Methylcellulose and topical anesthetics. Felder, S.M. 65
TETRACYCLINE
Diagnosis of periodontal lesions. Keyes, P.H. 531
Drugs in the news. 2
Tetracycline fluorescence in cementum of human teeth. Nalbandian, J. 557
Adverse effects
Bleaching of tetracycline-stained vital teeth. Reid, J.S. 99
Pharmacodynamics
Use of tetracycline in periodontal surgery. Scopp, I.W. 151
Therapeutic use
Diagnosis and treatment of periodontal lesions. Keyes, P.H. 435
Use of tetracycline in periodontal treatment. Genco, R. 389
THERAPEUTIC EQUIVALENCY
Generic drugs. 169
The mark-up on generics. 169
THERMODYNAMICS
Use of reversible hydrocolloid at high altitudes. Christensen, G.J. 196
THIOCYANATES
Blame the vile habit. 393
THIOPENTAL
Comparison of diazepam and thiopental for induction of general anesthesia. Chir, A.R. 403
Diazepam vs thiopental for induction of anesthesia. Rubin, A. 518
THROMBOEMBOLISM
Is aspirin sexist? 510
THROMBOPHLEBITIS
Thrombophlebitis after intravenous anesthesia and sedation. Gelfman, S.S. 288
THUMBSUCKING *see* FINGERSUCKING
THYROID GLAND
Effects of povidone-iodine mouthwash. Ferguson, M.M. 601
THYROID NEOPLASMS
Metastatic thyroid carcinoma of the mandible. Ripp, G.A. 134
TICONIUM
Effects of cleansers on metal components of dentures. Backenstose, W.M. 38
TIN FLUORIDES
Addition of phosphates to fluoride. Faunce, F.R. 348
Comparison of stannous fluoride and chlorhexidine as plaque inhibitors. Svantun, B. 240
Sequential treatment with APF and SnF_2. Holgate, R.S. 575
Use of lower concentrations of fluoride solutions. Shannon, I.L. 575
TINNITUS
Tinnitus possibly related to use of air-driven handpiece. Gullikson, J.S. 641
TISSUE ADHESIVES
Fluoroalkyl cyanoacrylate adhesive after extraction. Dogon, I.L. 600
TITANIUM
Nitinol wire analyzed. Andreasen, G.F. 471
Osseointegrated implants. Brånemark, P.-I. 569
Temporary titanium mandibular implants. Austermann, K.H. 199
TOLMETIN
Gastric mucosal damage from antiarthritis drugs. 547
TOLONIUM CHLORIDE
Diagnosis of early asymptomatic oral squamous carcinoma. Mashberg, A. 20; Comments. Koufman, J.A. 21; Phelps, H.M. 21
TOLUIDINE BLUE O *see* TOLONIUM CHLORIDE
TONGUE
Calcification of the stylohyoid process. Kopp, W.K. 587
Fish bone imbedded in the tongue. Arora, B.K. 611
Lingual retractor. Stacy, G.C. 425
Lower fixed tongue crib and lip toning exercises. Cooke, M.S. 142
Use of a lingual flap after partial maxillectomy. Siegel, E.B. 198
TONGUE, HAIRY
Incidence of hairy tongue. Farman, A.G. 139
TONGUE NEOPLASMS
Granular cell myoblastoma. Swerdloff, M. 306
Lymphangioma of the tongue. Goldberg, M.H. 361
Technique for producing leukoplakia experimentally. Marefat, P. 221
TONSIL
Pot-linked ills. 455
TOOTH
Swallowtail form of tooth mutilation. van Reenen, J.F. 571
Tooth numbering. Schwartz, S. 303
Tooth wounds in the fist. 30
Anatomy
The "biologic width" of a tooth. Ingber, J.S. 419
Dental asymmetry in Japanese children. DiBennardo, R. 317
Dental sexual dimorphism in canines. Moss, M.L. 66
Relation between tooth and long-bone size. Lavelle, C.L. 66
Cytology
Sex determination based on tooth cells. Toi, M. 241
Growth & development
Early loss of deciduous molars: facial and dental-arch morphology. Ronnerman, A. 314
Vertical fracture of crown and root. Michanowicz, A.E. 634
Injuries
Prognosis of traumatized permanent anterior teeth. Jacobsen, I. 443
Microbiology
Bacteria in experimental cavity preparations. Mjör, I.A. 354
Pathology
Oral symptoms of endocrine dysfunction. Yudkowsky, E.B. 597
Physiology
Resistance to caries. Steinman, R.R. 123
Physiopathology
Surface temperature as an indicator of tooth vitality. Banes, J.D. 523
Radiation effects
Management of the irradiated patient. Fretwell, D.L. 359
Transplantation
Autogeneic and allogeneic transplants. Baum, A.T. 485
Role of open apex or root fracture in success of autotransplantation. Kallioniemi, H. 309
TOOTH ABNORMALITIES
Dental reductions and caries. Anderson, D.L. 467
Enamel pearls. Funaki, T. 377
Familial hypoparathyroidism. Pisanty, S. 207
Macrodontia. Reichart, P.A. 255
Prediction by means of tooth morphology and physical characteristics. Brown, J.P. 512
The talon cusp. Henderson, H.Z. 265
TOOTH ABRASION
Bruxism. Tuggle, J.W. 248
Dental disease in ancient Peru. 57
Dental implications in the narcotic addict. Gotta, A.W. 158
Oral health of elderly institutionalized patients. Mäkilä, E. 127
TOOTH, ARTIFICIAL
Arrangement of anterior teeth. Mizokami, T. 253
Atraumatic single tooth replacement. Moskowitz, E.M. 367
The mesiodistal diameter of maxillary central incisors. Woodhead, C.M. 44
Porcelain in dentistry. Sproull, R.C. 627
"Roots" (artificial). 619
TOOTH BLEACHING
Bleaching of tetracycline-stained vital teeth. Reid, J.S. 99
A successful technique for bleaching teeth. Bonomo, E.C. 194
TOOTH CALCIFICATION
Calcium hydroxide to induce root calcification. Arens, D.E. 410
Current and future prevention possibilities. Silverstone, L.M. 405
Effect of fluoridation on calcium uptake by enamel. Aponte-Merced, L. 164.
The etiology of caries. Levine, R.S. 457
A mineralizing solution to increase tensile bond strength. Levine, R.S. 333
Remineralization in vitro. ten Cate, J.M. 334
A saliva substitute for irradiated patients. Shannon, I.L. 494
Treatment of hypersensitive dentin. Harris, R. 38
TOOTH, DECIDUOUS
Dental sexual dimorphism in canines. Moss, M.L. 66
Early loss of deciduous molars: facial and dental-arch morphology. Ronnerman, A. 314
Effect of early loss of deciduous teeth. Høffding, J. 370
Eruption of deciduous teeth. Nystrom, M. 490
Interception of malocclusion in the deciduous dentition. Grosfeld, O. 592
Internal resorption. Nishida, M. 372
A microscopic comparison of inflamed gingiva. Longhurst, P. 269
Prematurely erupted teeth. Anneroth G. 363
Retention of fissure sealant. Simonsen, R.J. 580
Robert Bunon. Francke, O.C. 72
Unilateral extraction of deciduous molars. Rönnerman, A. 29
Use of a glass ionomer cement in deciduous teeth. Plant,

C.G. 189
Use of an endodontic implant in a mobile primary molar. Lafkowitz, P.M. 15
Analysis
Tooth lead levels in Birmingham (UK) children. Mackie, A.C. 95
Anatomy & histology
Sexual dimorphism of the deciduous teeth. Black, T.K., III. 572
Injuries
The influence of trauma on developing enamel. Thylstrup, A. 218
Radiography
Caries detection. Hotz, P. 107
TOOTH DISCOLORATION
Black extrinsic tooth stain. Reid, J.S. 217
TOOTH DISEASES
Dental disease in ancient Peru. 57
Dental implications in the narcotic addict. Gotta, A.W. 158
Preventive endodontics in maintenance of teeth. Grossman, L.I. 463
Pyogenic dental infections. Woods, R. 472
Then let's work on baldness. 175
TOOTH EROSION
Enamel erosion. Sweeney, E.A. 364
Erosion of dentin and enamel. Davis, W.B. 162
Unusual pattern of erosion. High, A.S. 419
Use of glass-ionomer cement for the erosion lesion. McLean, J.W. 76
TOOTH ERUPTION
Eruption of deciduous teeth. Nystrom, M. 490
The mandibular canal in children. Arai, K. 346
Menarche and dental eruption. Guedes-Pinto, A.C. 468
Prematurely erupted teeth. Anneroth, G. 363
Teething rites. 342
Third-molar eruption after loss of second molars. Huggins, D.G. 593
Tooth eruption in handicapped children. Kaneko, Y. 467
TOOTH EXFOLIATION
Complications of herpes zoster. Cooper, J.C. 363
Effect of early loss of deciduous teeth. Høffding, J. 370
Internal resorption. Nishida, M. 372
Premature exfoliation of maxillary primary teeth. Silverglade, D.S. 148
TOOTH EXTRACTION
Complications of impacted third molars. Raley, L. 137
Drug-induced gingival hyperplasia in mentally retarded patients. Murphy, J.B. 478
Fluoroalkyl cyanoacrylate adhesive after extraction. Dogon, I.L. 600
The influence of trauma on developing enamel. Thylstrup, A. 218
Lower incisor extraction. Bahreman, A.-A. 312, 368
Reclamation of amalgam from extracted teeth. Wood, G.D. 191
The third molar problem. Goodsell, J.F. 142
Unilateral extraction of deciduous molars. Rönnerman, A. 29
Use of aspirin in extraction wounds. Kallenberger, A. 38
Adverse effects
Analgesic action of ibuprofen for postoperative pain. Winter, L., Jr. 487
Anti-inflammatory agents used as analgesics. Dionne, R. 315
A clinical comparison of aspirin and ibuprofen. Cooper, S.A. 264
Dental treatment of patients with von Willebrand disease. Campbell, H.D. 146
Early loss of deciduous molars: facial and dental-arch morphology. Ronnerman, A. 314
Effect of early loss of deciduous teeth. Høffding, J. 370
Effect of lavage on osteitis. Butler, D.P. 197
Incidence of fainting among dental patients. McGimpsey, J.G. 140
Localized osteitis associated with use of oral contraceptives. Sweet, J.B. 427
Pain associated with maxillary bone cavities. Ratner, E.J. 262
History
The toothpullers of Petticoat Lane. Ring, M.E. 185
Utilization
Tooth loss in patients treated for periodontal disease. Hirschfeld, L. 635
TOOTH FRACTURES
Diagnosis of cracks in teeth. Dominkovic, T. 358
Fractured incisors. Janzen, E.K. 430
Predicting and preventing incomplete tooth fracture. Maxwell, E.H. 135
Restoration of fractured incisors with composite resin. Watkins, J.J. 19
Vertical fracture of crown and root. Michanowicz, A.E. 634
TOOTH, IMPACTED
Complications of impacted third molars. Raley, L. 137
Third molar impaction: etiology and prediction. Richardson, M.E. 90
Third-molar tilt and dental arch crowding. Tait, R.V. 539
Surgery
Analgesic action of ibuprofen for postoperative pain. Winter, L., Jr. 487
Autotransplanted impacted maxillary canines. Azaz, B. 311
The impacted molar. Keen, M.M. 257
Surgical exposure of maxillary impacted canines. Shiloah, J. 544
Therapy
A modified ligation chain for impacted canines. Ziegler, T.F. 430
Third-molar eruption after loss of second molars. Huggins, D.G. 593
TOOTH LUXATION
Breast-feeding of baby with loose teeth. Ahronheim, G.A. 371
Histologic response of replanted pretreated teeth. Barbakow, F.H. 503
Replantation of teeth in schoolchildren. Ravn, J.J. 318
TOOTH MIGRATION
Early loss of deciduous molars: facial and dental-arch morphology. Ronnerman, A. 314
TOOTH MOBILITY
The biological rationale for splinting of teeth. Lindhe, J. 436
Gingival recession and tooth mobility. Bernimoulin, J.P. 35
Oral manifestations of cancer chemotherapy. Carl, W. 600
Periodontal disease and occlusion. 337
Provisional splinting. Goodman, J.M. 267
Stabilizing periodontally involved teeth. Dale, J.W. 267
TOOTH MOVEMENT, MINOR
Bonding in minor tooth movement. Geiger, A.M. 260
TOOTH REIMPLANTATION
Autotransplantation of maxillary canines. Oksala, E. 29, 141
Autotransplanted impacted maxillary canines. Azaz, B. 311
Histologic response of replanted pretreated teeth. Barbakow, F.H. 503
Pulp status after autogenous transplantation. Hasselgren, G. 69
Replantation of teeth in schoolchildren. Ravn, J.J. 318
Role of open apex or root fracture in success of autotransplantation. Kallioniemi, H. 309
TOOTH RESORPTION
Autotransplantation of maxillary canines. Oksala, E. 141
Idiopathic resorption. Scopp, I.W. 196
Internal resorption. Nishida, M. 372
TOOTH ROOT
Biologic response to submergence of roots. O'Neal, R.B. 613
Role of open apex or root fracture in success of autotransplantation. Kallioniemi, H. 309
Root surface caries in a military population. Lohse, W.G. 179
Root surface preparation. Ruben, M.P. 437
"Roots" (artificial). 619
Vertical fracture of crown and root. Michanowicz, A.E. 634
TOOTH, SUPERNUMERARY
Relating abnormal dentition to intelligence. Oliver, R.T. 152
TOOTH, UNERUPTED
Preeruptive caries. Yates, J.L. 317
TOOTHACHE
Categories of pulpal pain. Levitan, L.J. 574
Dental pain as an index of the quality of life. Miller, J. 642
Dental pain of galvanic origin. Senia, E.S. 92
Predicting and preventing incomplete tooth fracture. Maxwell, E.H. 135
Raising the pain threshold with electroacupuncture. Janhunen, M.-P. 344
TOOTHBRUSHING
Effect of toothbrushing and primers on enamel-composite bonds. Birtcil, R. 75
Help for handicapped patients. Hansen, J.M. 518
Hygiene aids for homebound patients. Ettinger, R.L. 84
Reversal of localized experimental gingivitis. Bosman, C.W. 83
Instrumentation
Aids for the handicapped patient. Kukla, P.E. 250
"Business is going to the dogs." 225
Effectiveness of two plaque removal agents. Nayak, R.P. 18
Let your finger do the brushing. 618
TOOTHPASTES *see* DENTIFRICES
TORTURE
Torture and the health professions. Gellhorn, A. 638
TRAGACANTH
"Big Mac" reaction. 562
TRAINING SUPPORT
American Fund for Dental Health. 566
TRANQUILIZING AGENTS
The autistic child in dental practice. Kopel, H.M. 95
Use of prescription drugs. Dunea, G. 100
TRANSIENTS AND MIGRANTS
A dental program for migrant workers. Robinson, E. 48
TRANSPLANTATION
Mandibular reconstruction after radical surgery. Small, I.A. 483
TRANSPLANTATION, ALLOGENEIC
Autogeneic and allogeneic transplants. Baum, A.T. 485
Freeze-dried bone allografts. Freeman, E. 50
Gingivitis in pregnancy. Chaikin, B.S. 149
The use of freeze-dried skin grafts in treatment of mucogingival problems. Yukna, R.A. 148
TRANSPLANATION, AUTOLOGOUS
Autogeneic and allogeneic transplants. Baum, A.T. 485
Autogenous bone grafts for mandibular reconstruction. Adekeye, E.O. 537
Autotransplanted impacted maxillary canines. Azaz, B. 311
Autotransplantation of maxillary canines. Oksala, E. 29, 141
Bone graft augmentation of the atrophic mandible. Stoelinga, P.J. 429
Effects of length of surgery on healing of gingival flaps. Levin, M.P. 163
Endo-antral syndrome. Selden, H.S. 411
Extension of the oral sulcus. Leban, S.G. 28
Gingivitis in pregnancy. Chaikin, B.S. 149
Grafting for immediate vestibular extension. Sanders, B. 255
The innervated deltopectoral flap. David, D.J. 258
Interdental papillae grafts. Rubelman, P.A. 436
Mandibular augmentation. Lekkas, K. 28
Mucogingival surgical procedures. Coleton, S.H. 36
Pulp status after autogenous transplantation. Hasselgren, G. 69
Resection and reconstruction in cases of mandibular osteomyelitis. Obwegeser, H.L. 481
Resorption of mandibular graft. Ridley, M.T. 633
Revascularized periosteal grafts. Finely, J.M. 611; Editorial comment. McDowell, F. 612
Role of open apex or root fracture in success of autotransplantation. Kallioniemi, H. 309
A "sandwich" technique for alveolar ridge augmentation. Schettler, D. 311
Treatment of a central giant cell granuloma. Schofield, I.D. 307
Vestibuloplasty for the atrophic alveolar ridge. D'Eramo, E.M. 536
TRANSPLANTATION, HETEROLOGOUS
Porcine skin xenografts as an oral wound dressing. Sanders, B. 483
TRANSPLANTATION, HOMOLOGOUS
Degeneration and regeneration of transplanted nerve tissue. Funakoshi, R. 50
A "sandwich" technique for alveolar ridge augmentation. Schettler, D. 311
TRANSPORTATION
Bicycling and health. Kolata, G.B. 384
TREATMENT PLANNING *see* PATIENT CARE PLANNING
TRIGEMINAL NERVE

Changes in axons and neurons after pulp extirpations. Gobel, S. 445
Effects of root destruction in patients with trigeminal neuralgia. Verrillo, R.T. 144
Surgical and drug-induced neuropathy. Wallace, J.R. 150
TRIGEMINAL NEURALGIA
Effects of root destruction in patients with trigeminal neuralgia. Verrillo, R.T. 144
Trigeminal neuralgia. 200; Comment. Freeman, A.G. 200
TRYPSIN
Controlling postoperative inflammation with trypsin. Kaplan, L.B. 365

U

ULTRASONICS
Contamination from ultrasonic scalers. Holbrook, W.P. 581
Mercury vapor hazards from sterilizers. Smart, E.R. Author's reply, Rothwell, P.S. 82
Pain experienced during prophylaxis. Schklair, E. 487
Ultrasonic debridement vs hand instrumentation in surgery. Walsh, T.F. 598
ULTRAVIOLET RAYS
Retention of sealants. Stephen, K.W. 495
An ultraviolet photographic technique for monitoring plaque. Gwinnett, A.J. 548
UNITED NATIONS
The United Nations University. 57
UNITED STATES CONGRESS
Social security. 617
UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
Chlorofluorocarbons on way out. 393
UNITED STATES FEDERAL TRADE COMMISSION
Sugared foods TV commercials attacked. 281
UNITED STATES FOOD AND DRUG ADMINISTRATION
Beware of dinnerware? 3
Drugs in the news. 2
Liquid protein. 505
UNITED STATES NATIONAL BUREAU OF STANDARDS
Hatton awards. 395
Publication notes. 507
UNITED STATES NATIONAL CENTER FOR HEALTH SERVICES RESEARCH
Health services studies. 451
UNITED STATES NATIONAL INSTITUTE OF DENTAL RESEARCH
Educational films. 62
Taste and development. 62
UNITED STATES NATIONAL INSTITUTES OF HEALTH
Causes of oral ulcers. 62
A computer-assisted dental facility. 118
Educational films. 62
How does collagen function? 507
Taste and development. 62
V-Y repair of cleft palate. 8
UNITED STATES NATIONAL LIBRARY OF MEDICINE
Library of Medicine programs. 115
UNIVERSITIES
Total involvement for dental students. 174
UNIVERSITY HEALTH SERVICES
Using university students as dental school patients. Gates, R.L. 180
URBAN POPULATION
Fluoridation and cancer. 413
UREA PEROXIDE
Effects of urea peroxide on gingivitis and plaque. Zinner, D.D. 374
Urea peroxide treatment of gingivitis. Tartakow, D.J. 599
UTERINE NEOPLASMS
Maxillary metastatic carcinoma. Orlian, A.I. 246

V

VACCINATION
The elimination of smallpox. Stetten, D., Jr. 524
VACCINES
Educational films. 62
Hepatitis B vaccine. Wade, N. 492
Vaccine against pneumococcal pneumonia. 118
VACOCONSTRICTOR AGENTS
Effect of vasoconstrictors. Schilli, W. 402
Local anesthesia. Reuben, B.M. 233
VENTILATION
Air pollution in the dental office. Miller, R.L. 638
Reduction of mercury vapor. Wilson, J. 359
VERTICAL DIMENSION
Dentoalveolar morphology and craniocervical posture. Solow, B. 202
Mandibular growth and cleft lip and palate. Vora, J.M. 260
Vertical dimension and atypical swallowing. Sheppard, I.M. 327
VESTIBULOPLASTY
Acute swelling after mandibular vestibuloplasty. Hull, M. 88
Extension of the oral sulcus. Leban, S.G. 28
Free gingival grafts for treatment of epulis fissuratum. Meister, F., Jr. 26
Frenum surgery. Kahnberg, K.-E. 426
Grafting for immediate vestibular extension. Sanders, B. 255
Vestibuloplasty for the atrophic alveolar ridge. D'Eramo, E.M. 536
VETERINARY MEDICINE
"Business is going to the dogs." 225
Lionizing dentist. 455
VIDARABINE *see* ARABINOFURANOSYLADENINE
VIDEOTAPE RECORDING
Anxiety relief via tapes. 562
VIOLENCE
Tooth wounds in the fist. 30
VISION TESTS
Vision testing via TV. 115
VITAMIN A
Role of amniotic fluid in palatal fusion. Nanda, R. 391
VITAMIN B 12 DEFICIENCY
Candida infection and nutritional deficiency. Jenkins, W.M. 138
VITAMIN C *see* ASCORBIC ACID
VOICE QUALITY
Influence of immediate dentures on oral motor skill and speech. Chierici, G. 327
VOLUNTARY HEALTH AGENCIES
Live west of the Rockies? 174
Opportunities to help. 114
VOLUNTARY WORKERS
Hey, amigo (a). 227
VOMITING
Enamel erosion. Sweeney, E.A. 364
VON WILLEBRAND'S DISEASE
Dental treatment of patients with von Willebrand disease. Campbell, H.D. 146

W

WATER
Control of mercury vapor emission from amalgam scrap. Cooley, R.L. 245
WATER POLLUTANTS
Drinking water. 114
WATER SUPPLY
Drinking water. 114
Fluoride levels in Houston's water supply. Shannon, I.L. 296
The iceberg cometh. 1
WOMEN
Personality traits of male and female dental students. Gershen, J.A. 236
WORLD HEALTH ORGANIZATION
The International Agency for Research on Cancer. 47
The WHO oral health program. Barmes, D.E. 578
WOUND HEALING *see also* BONE REGENERATION
Effects of length of surgery on healing of gingival flaps. Levin, M.P. 163
Healing after pulpotomy. Chen, C.-H. 558
Healing of dentoepithelial junction after subgingival plaque control. Waerhaug, J. 545
The healing of wounded tissue. Woods, W.R. 323
How does collagen function? 507
Osseous repair with optimal plaque control. Polson, A.M. 599
WOUNDS AND INJURIES
Controlling postoperative inflammation with trypsin. Kaplan, L.B. 365
The healing of wounded tissue. Woods, W.R. 323
Tooth wounds in the fist. 30
WRIST
Use of hand-wrist radiographs for skeletal age assessment. Biggerstaff, R.H. 350

X

XANTHOMATOSIS
The verruciform xanthoma. Smith, M.J. 362
XERORADIOGRAPHY
Xeroradiography examination of the jaws and teeth. Snyder, M.B. 160
XEROSTOMIA
A saliva substitute for irradiated patients. Shannon, I.L. 494
A saliva substitute to counteract xerostomia. Shannon, I.L. 332
XYLITOL
Xylitol trials. 1

Z

ZEPHIRAN CHLORIDE *see* BENZALKONIUM CHLORIDE
ZINC
Bonding of polycarboxylate cement to gold. Rogers, O.W. 243
ZINC OXIDE-EUGENOL CEMENT
Accurate temporary restorations of cold-curing acrylic resin. Kaiser, D.A. 474
Changes in surface hardness of temporary cements. Olmsted, J.S. 411
Endodontic sealing materials. 242
Pulpal response to silicate restorations in monkeys. Beagrie, G.S. 50
ZINC PHOSPHATE CEMENT
Changes in surface hardness of temporary cements. Olmsted, J.S. 411
Healing of pulpitis. Lervik, T. 301
ZYGOMA
Aneurysmal bone cyst in the jaw. Eveson, J.W. 589
